Many Life Sentry products feature a one-piece, wraparound design that ensures long lasting, economical operation in any environment, wet or dry.

Jacobs/Wyper Architects

Special features, such as keyhole wireway mounting and internal refractor tabs, make Life Sentry products easy to install but difficult to damage.

Life Sentry from Kenall...

The Right Choice for Safety and Security

Choosing the lighting fixtures for your detention facility is a significant decision. The right fixtures can ensure the safety of your staff while deterring violence and vandalism. That's why the choice is so critical, but it need not be difficult if you choose Kenall.

Kenall's Life Sentry™ lighting products are made with the features you request most – heavy gauge housings, high impact lenses, security hardware – and they're backed by Kenall's 30 years of experience in the detention field. Plus most Life Sentry products comply with or exceed the 20-footcandle accreditation standards set by the American Correctional Association.

The Life Sentry line includes a wide range of products designed to fit most applications and security levels. To find out more about the **RIGHT** choice in lighting fixtures, call (800) 634-5013 for a free copy of Kenall's Life Sentry product guide.

FOREWORD

This is a time of difficult decisions for correctional leaders. With correctional budgets straining to keep up with exploding prison populations and increased demands for accountability, decisions on where limited resources go affects all of us—corrections professionals, citizens and participants in our justice system. We feel the pinch of budget cuts at the same time communities are demanding correctional leaders to find new, cost-effective ways to deal with space limitations, population growth, personnel issues, and to develop innovative ways to control crime. Difficult times always produce change, new programs, and alternatives that try to answer the dilemmas our society faces.

There are no easy answers; there haven't been in the past and likely will not be in the future. We have learned that we must take the time to consider all alternatives but select only those that are good policies; and to advocate new programs that will not create other problems more difficult than the ones we face. Some of the options we have recently implemented to deal with the crisis population growth are based on a blend of old and new ideas. Boot camps, day reporting centers, and other options are all being used effectively.

Keeping up with the rapidly changing field, and sharing solutions to complex problems is critical to correctional leaders. This directory fulfills an important part of that need by providing annual updates on changes in departments and institutions, personnel, addresses and telephone numbers. The latest information on institutions is included: year opened, average daily population, capacities, security level, programs, special features, and number of personnel.

The directory also fills an important need for tracking trends and growth in both adult and juvenile correctional systems through its updated tables with state listings and nationwide totals for correctional budgets, population, and personnel. Additional information about departments and institutions under court order, and current use of the death sentence is also included.

We try to make the directory current and accurate, making every effort to include the latest information at the time of publication; however, subsequent changes in structure, policy or systems are inevitable. We welcome your inquiries for updated information, as well as your suggestions for improving the directory.

The Association thanks you, the participating corrections officials and staff members, for your generous and professional spirit of cooperation in providing the information that makes possible the continuous publication of this directory.

Convention Schedule

The American Correctional Association's annual conventions, held each January and August at different locations around the country, have attained an international reputation for excellence and quality programming. The Winter Conference and Congress of Correction host thousands of corrections professionals from the United States and abroad, representing all levels and sectors of corrections.

The conferences provide innumerable opportunities to ACA members and other professionals in corrections and criminal justice. Each convention provides a wide array of workshops and seminars to enhance professional growth. In addition, keynote speeches by distinguished professionals in the field are featured during the conference special sessions. To enable attendees to learn more about corrections facilities in states other than their own, correctional facility tours are also offered at each convention.

Perhaps one of the most important benefits of the annual conventions is the chance for attendees from all areas of corrections to share ideas and experiences. The ACA provides a wide range of social events to help promote networking opportunities, including several functions taking place in the Exhibit Hall, which contains the world's largest display of correctional products and services.

To ensure that the conference is an event the whole family can enjoy, ACA also offers a special family auxiliary program. This program features the benefits of full registration, and allows spouses and children to take part in optional family tours of local attractions.

Make plans to take part in corrections' future through attending the upcoming convention. For more information and a complimentary planning guide, call the Convention Department at 1-800-888-8784.

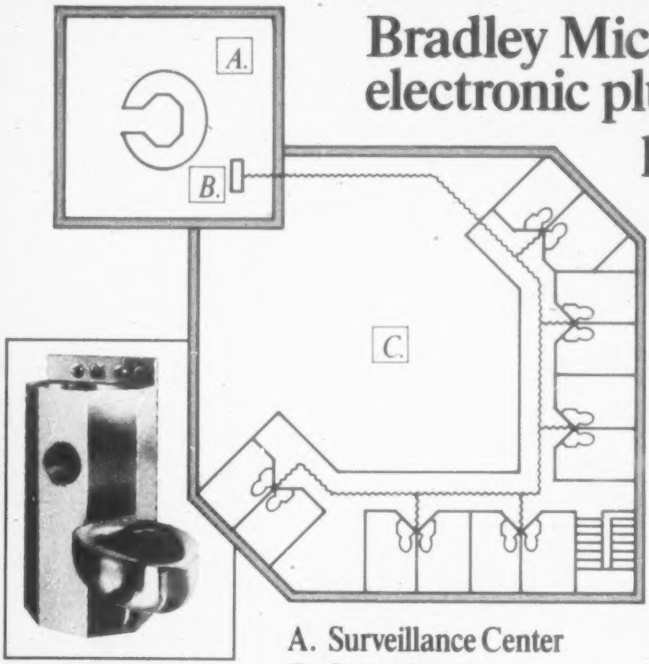
Get Around the Block in Seconds

Bradley Micro-Touch II™ electronic plumbing controls provide maximum security at the touch.



The "Comby Mode" for combination unit control represents just one of seven available metering styles.

A. Surveillance Center
B. Status Panel
C. Cell Block

You see it all too often. Inmates causing trouble by flooding toilets. Flushing simultaneously. Or using toilets to dispose of contraband during a lockdown. Which is why you must now see the new Micro-Touch II™ Control in action.

When any fixture floods, an alarm sounds in the surveillance center and a status panel identifies the source. At the touch of a button, one or the entire cell block of fixtures can be shut down immediately. Timing changes for any fixture can be made right from the status panel, too. So there is no need to move the inmate and enter the cell.

Call for a free, no-obligation tabletop demonstration and/or literature today at **1-414-251-6000.** You'll sense the real power of Micro-Touch II™ Control in no time.

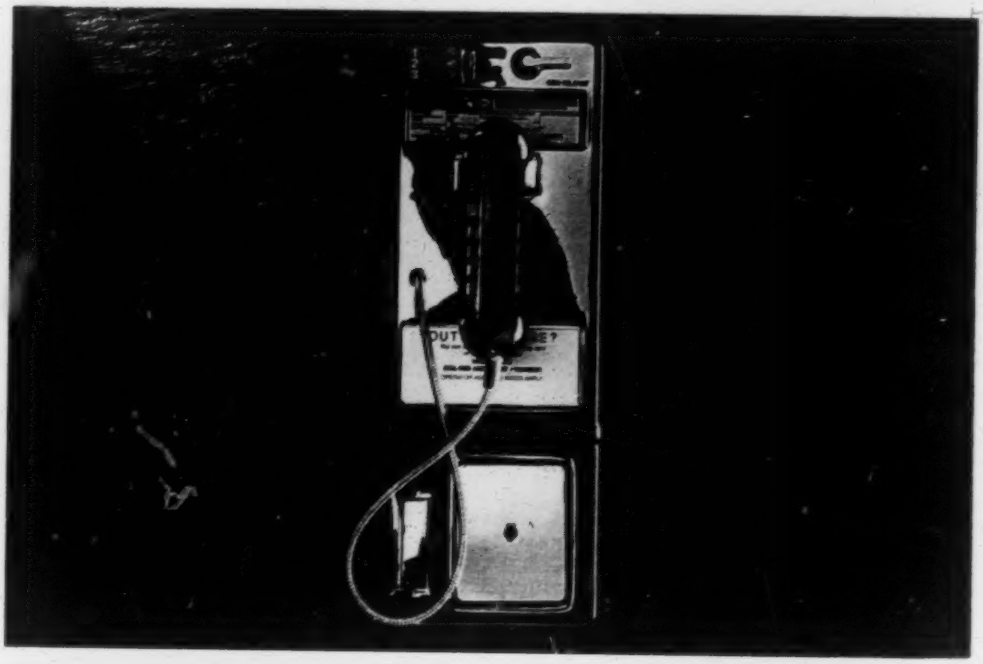
9. Additions to gross pay



We don't make promises we can't keep.

Every pay phone vendor makes promises. But it takes a company with experience, resources and dedication to keep them. A company like Bell Atlantic.

With more than 1100 dedicated specialists behind our public phones, we can promise things no other company can.

Like a service line that's open 7 days-a-week, around the clock. And a 24-hour response on service calls.

Like a daily check of every Bell Atlantic public phone, through our Intelligent networQ.sm

Like promptly paid commissions and sealed collection boxes.

No wonder 9 out of 10 public phones in the region are Bell Atlantic phones.

We're Bell of Pennsylvania, Diamond State Telephone, New Jersey Bell and The C&P Telephone companies. Call us toll free during any business day. We promise to make it worth your while.

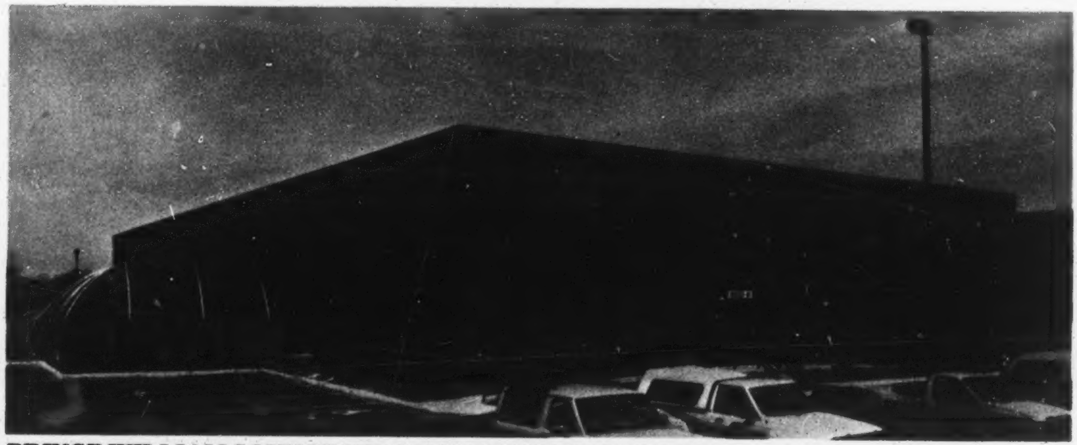
WHEN COUNTY JAILS AND STATE PRISONS ARE ASKED TO TAKE ON MORE PROGRAMS, SPACE MASTER IS THERE.



PRINCE WILLIAM COUNTY, VIRGINIA DETENTION CENTER

The relationship between today's state prisons and county jails is in a state of change. County jails are no longer being viewed as temporary, pre-trial holding facilities. State prisons are rapidly filling to capacity. Both are being asked to provide more services, hold inmates longer, and take on more programs.

When It Comes To Correctional Project Management, We've Got The Field Locked Up.

We're the first to admit it. Kitchell CEM has spent a lot of time in prisons. In California, Arizona, Idaho, Indiana, Washington. And Delaware. Just to name a few.

Our past, in fact, has made us what we are today. Seasoned pros in correctional project management. With 44,000 new beds, representing 4 billion dollars of construction undertaken in the last 13 years.

We're not afraid of tough jobs. Or tough critics. Commenting on our work with the California Department of Corrections, auditors from Arthur Young stated:

> "The general success of the program in recent years…has resulted in a large part from the planning, estimating, scheduling, and management skills of Kitchell…"

If you're planning a prison facility project, call on the company that's at the top of the "Most Wanted" list. Kitchell CEM. We've learned so much about prison construction, we've got the field locked up.

10
YEARS
OF EXCELLENCE IN CORRECTIONS

As unique and lasting as a fingerprint, CCA has left its mark on corrections. Ten years ago Corrections Corporation of America introduced government to an innovative, cost-effective and high quality alternative to traditional jail and prison management. Today CCA is the recognized leader of an industry that is part of the nation's — and the world's — solution to overcrowded and underbudgeted facilities.

Providing Solutions for Juvenile Offenders

Deciding where to place adjudicated and pre-adjudicated youth is never easy, especially when faced with limited resources, soaring juvenile crime and shrinking budgets. At Rebound, we understand these challenges and can offer you cost effective solutions while meeting public safety concerns.

We provide a wide range of youth services to government agencies, counties and school districts. From facility design, construction and operation to providing effective treatment, educational and vocational programs, Rebound is your full-service juvenile corrections and treatment system provider.

To learn more about how Rebound can help you with the challenges posed by today's youthful offenders, call Bill Botkin at 800-444-9717.

Notes:

Numbers set in **boldface** represent previous year totals and are not considered in computing overall percent increase.

When percentages are computed on above totals (including previous year counts), population increases 15% in '88; 13% in '89; 14% in '90, 8% in '91, 12% in '92, and 12% in '93.

* Male/female total
1. Includes 50-55-year-olds

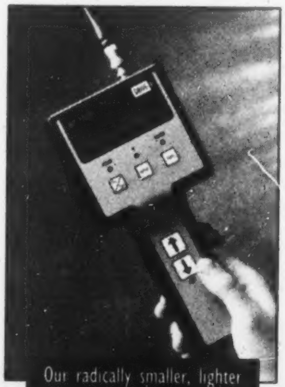
3. Age 61-80
4. Age 55 and over
5. Age 56-74
6. Age 60 and over
7. Age 50 and over
8. Data as of 6/30/87
9. Age 55 to 65
10. Age 65 and over
11. Comparing only states for which data has been provided for two consecutive years (35 states in '89-90; 46 in '91-92; and 43 in '92-93)

It's amazing how our equipment keeps shrinking while our reputation for quality just keeps growing.

Dual internal antennas make installation simpler and increase security.

Our dual tamper technology virtually eliminates the chance of undetected removal.



Our radically smaller, lighter Drive-BI unit is designed with the busy corrections professional in mind.

Introducing the all new BI 9000 Home Escort Series of home detention products—the most compact, easy to handle and install equipment ever. The reliability and convenience start with a smaller, lighter field monitoring device. It can be installed in just minutes, helping your officers make the most of their busy days. With its unique dual internal antenna design, the BI 9000 has fewer exposed parts, so not only is installation easier, but the antenna is kept away from prying hands, too. And if a tamper does occur, the BI 9000 automatically reports the time of tamper—even if it happens out of range.

The BI 9010 transmitter has multiple levels of tamper detection to greatly increase security, plus a field-replaceable battery that lasts at least one full year, so officers spend more time on the job and less time replacing batteries.

Finally, the BI 9020 Drive-BI. Created with an advanced ergonomic design, it's smaller and easier to use, yet has a range of 500 feet and stores up to 250 events. Each event is date and time stamped, and can be down-loaded to a PC. Plus, it reads our new BI 9010 transmitter as well as existing Home Escort and Guardian transmitters, giving you more flexibility in how you use it.

So as you can see, this 9000 Series home monitoring system is new from top to bottom to give you maximum security in minimum space. In fact, about the only thing that's not new is the quality and reliability for which we've earned a reputation. And, with more than twice as many total users as our nearest competitor, that reputation is growing by leaps and bounds.

ACCURACY

IS YOUR DRUG TEST LETTING THEM OFF TOO EASY?

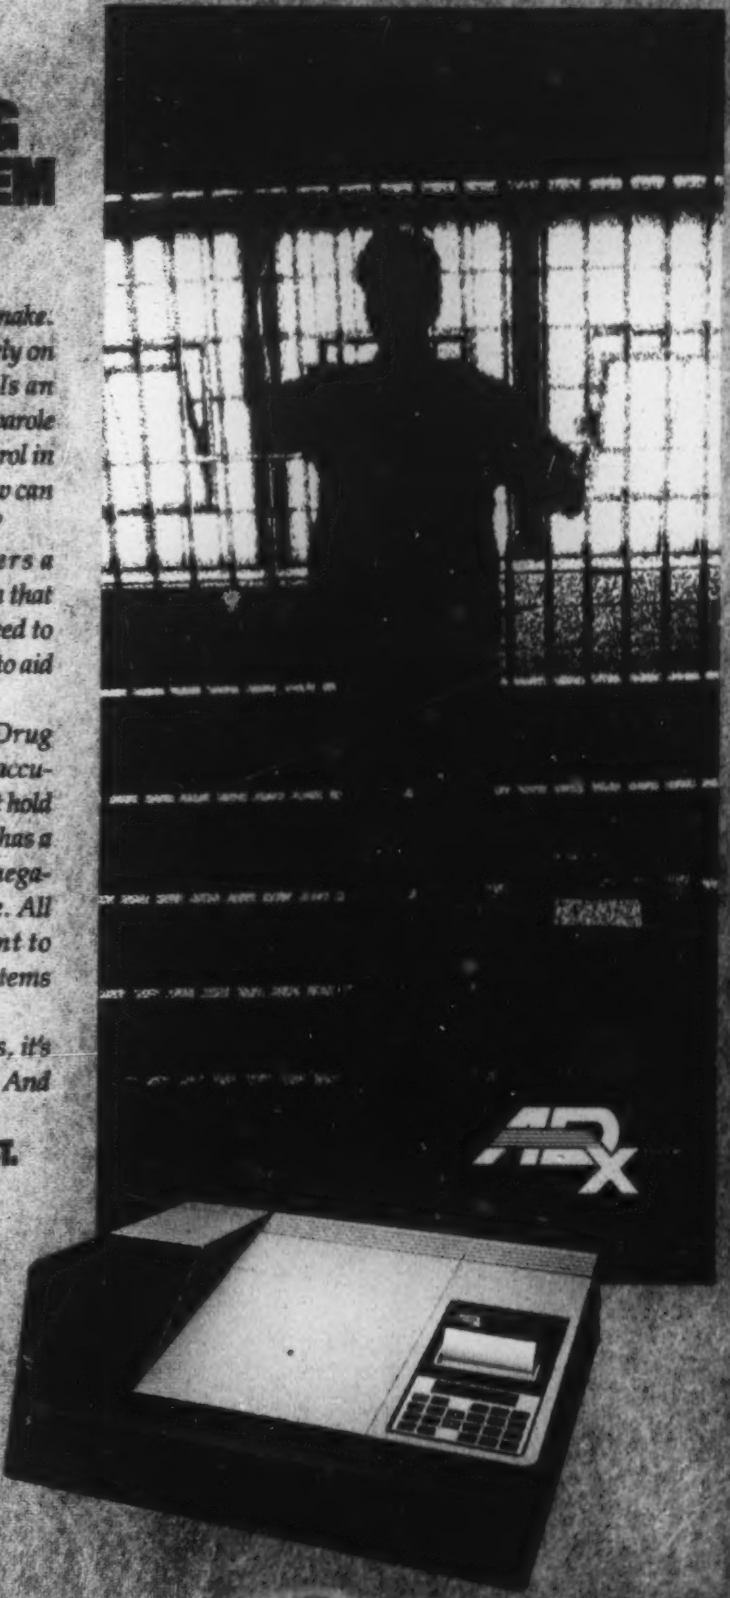
Futures depend on the decisions you make. You need information that you can rely on to answer some tough questions. Is an inmate ready for parole? What about parole violations? Are you maintaining control in your work release program? And how can you be sure who's using and who's not?

Abbott Diagnostics offers a unique abused drug screening system that will give you the information you need to answer some of those questions. And to aid you in making the right decisions.

The Abbott ADx® Abused Drug Detection System is unsurpassed in accuracy and consistently gives results that hold up in court. No other on-site system has a lower rate of false positives or false negatives. No other system is easier to use. All of which is part of our commitment to providing you with drug testing systems you can believe in.

After all, in the final analysis, it's the accuracy of the results that count. And that's the ultimate test.

PUT OUR COMMITMENT TO THE TEST.



"The reliability has been proven by back-up testing and we have not lost any cases in Probation Revocation Hearings. . .I would recommend the ADx Abbott machine to most any organization. . ."

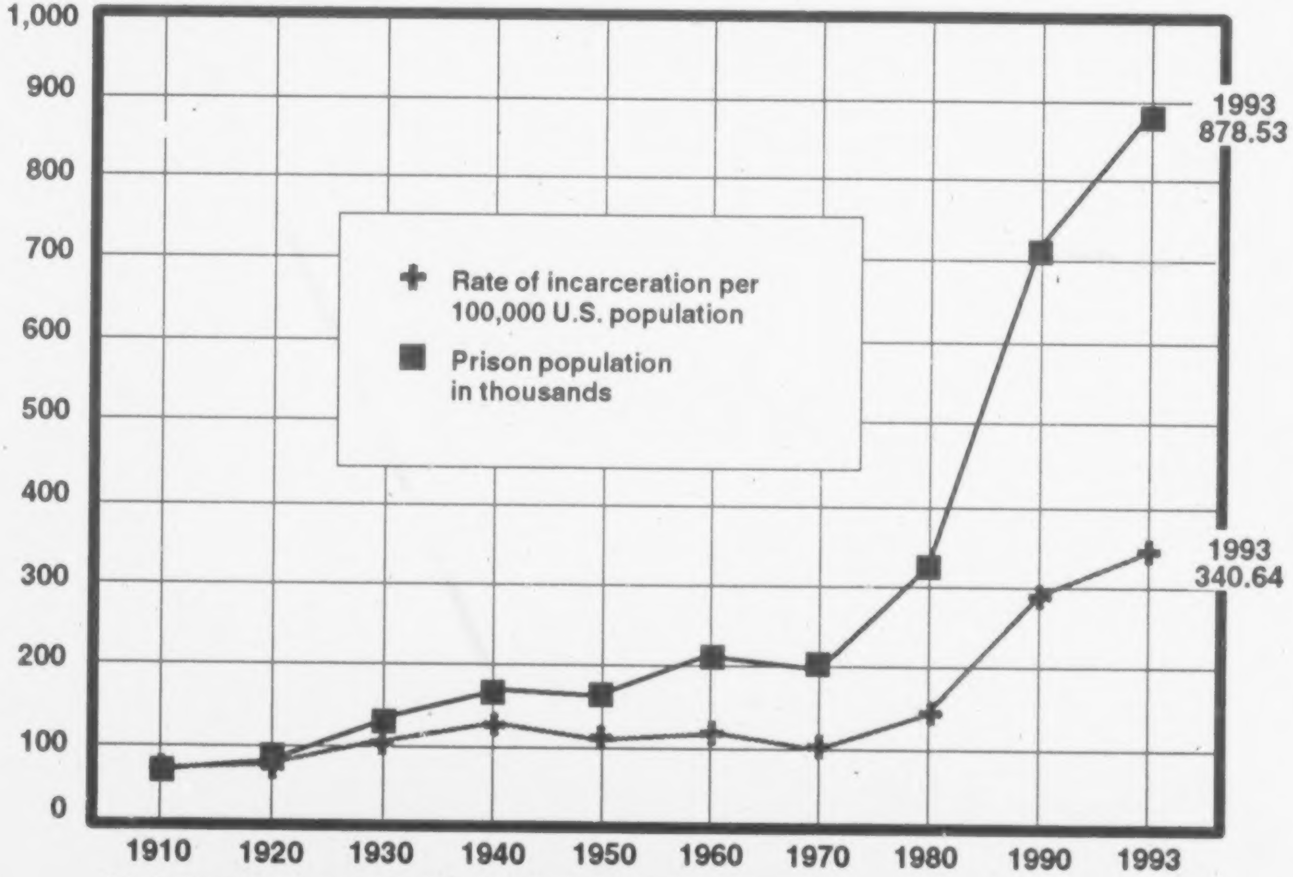
Prison Population and Rate of Incarceration In State and Federal Facilities

as of June 30, 1993



Note: Population figures do not include the 10,836 inmates reported by the District of Columbia. Also not included are 37,873 inmates housed in county jails because of crowding in state institutions. Including those inmates temporarily housed in jails would bring the incarceration rate to 355.32.

Directory User's Guide

This directory provides information as of June 30, 1993 on state, federal and territorial adult and juvenile correctional systems, and Canadian federal and provincial systems. The presentation is designed to help the user understand the structure of correctional departments in any jurisdiction.

Statistical summaries of fiscal, personnel and offender information, departments and institutions under court order and more, provide vital nationwide data often sought by professionals and the public. The summaries precede listings of facilities.

The listings of adult and juvenile services include the following:

- Organizational overview — defines the organization of services for adult and juvenile institutions and parole and probation services
- Central office administrative staff, phones and faxes; administrative boards, if any
- Institutions — names, addresses, phones
    - Administrative staff — wardens, deputies, fiscal, education, personnel, training, etc.
    - Year opened
    - Capacity — Design, operating, rated or as reported
    - Average daily population — as of June 30, 1993 or as reported
    - Degree of security — MAX CLOSE MED MIN COMM or other
    - Offender type — Felon, misdemeanant, delinquent, etc.
    - Age limits of offenders
    - Institutions or programs accredited by ACA's Commission on Accreditation for Corrections (marked with ★)
    - Facilities for females only (marked with ✣)
    - Medical or psychiatric facilities (marked with ✚)
    - Cost of care — cost per inmate per day/year or as reported
    - Number of employees
- Community-based programs
- Parole boards — function and members
- Parole and aftercare services; probation services
- Court services

The personal locators for the United States and Canada make it easy to find page locations for all personal names listed in the directory.

Fax numbers for adult and juvenile departments are listed on one page for quick reference. The Association's telephone numbers for ACA divisions are also conveniently listed.

Every effort has been made to ensure accuracy and thoroughness; however, the Association cannot assume responsibility for errors or omissions. When updated information was not provided, in some instances data from last year's edition was assumed correct and repeated.

Changes or new information to be recorded in next year's edition of the directory may be forwarded to the Association at any time. Comments or suggestions for improvement are welcome.

The following guide appears throughout the directory.

At Service America, we know our way around the cell block because we've been serving healthy, appetizing meals for nearly 20 years. We can solve any food service problem, on schedule and on budget. Bar none.

Our highly-trained and experienced on-site managers run the most efficient kitchens in the industry--adhering to exacting government standards and assuring that both inmate and civilian personnel make the grade as well. They are confident in the knowledge that our district and regional management team will back them up.

We keep tight reins on expenses, too, by custom-designing a program for the unique needs of your facility. No wonder Service America can guarantee the price of our meals when we submit a proposal.

We can also help to keep your commissary operation in line with a five-point program that can save manpower, refine product selection, improve record keeping and save you time and money.

If you're wondering where to go with your tough food service problems, the handwriting is on the wall. For information call Service America at 1-800-241-2761. After all of the years we've served, we know correctional food service and commissary management inside out.

The RDIDS and RIDS provides a wireless, cost effective false alarm free, fully supervised detection system utilizing an RF polling transceiver powered by photovoltaics and battery backup. The system can be placed in operation within minutes requiring minimal operator training, making it ideal for RAPID DEPLOYMENT OR REDEPLOYABLE applications in remote areas or mobile protection during specific operations. The system can be powered from 120 VAC or 12-28 VDC sources. For additional information call or write to Director of Marketing.

JUVENILE INSTITUTIONS

The Department of Youth Services provides complete responsibility for the juvenile institutions. It is independent of other state agencies and its Director reports to an 18-member Board which is appointed by the Governor. The Department of Youth Services provides consultative services for community-based programs and helps establish standards and licensing procedures for these programs and their personnel.

JUVENILE PROBATION AND PAROLE SERVICES

Probation services are provided for juveniles by local governments or counties under the administrative supervision of the Juvenile Court. The Department of Youth Services establishes standards for certification of probation officers and subsidizes county probation departments so that, in this way, services are provided by the state financially (50%) and the counties (actual manpower).

SOFTWARE SYSTEMS THAT SAVE YOU TIME, WORK AND MONEY . . .

OCS Offender Management System
The ideal open system and modular software program for busy jails and prisons. Program is user-friendly, easily customized and allows you to use your own hardware. Saves staff time. Reduces implementation and training time. Reduces liability and helps to meet mandated obligations to the public, the offender and the department.

OCS Probation Records System
This easy-to-learn software system slashes paperwork while also producing useful reports when required. Queries and data entries are quick and painless. Allows you to use your own hardware. Saves staff time. Reduces implementation and training time. Also improves liability and helps to meet mandated obligations to the public, the offender and the department.

OCS Correctional Health Assessment Management Program
A unique and inexpensive computerized medical; record system for 200+ bed prisons and jails. Integrates with OMS and imaging systems. System includes registration, appointment scheduling, entry and display of medical data, questionnaires and a powerful report writer. With the outbreak of infectious tuberculosis, automated medical records are more important than ever.

ORGANIZATION AND ADMINISTRATION

*Act 549 of 1993 amended the powers of the Arkansas Department of Correction, and merged the Board of Correction and Arkansas Adult Probation Commission to create the Board of Correction and Community Punishment. The **Board of Correction and Community Punishment** oversees both the **Department of Correction** and the **Department of Community Punishment**. It consists of seven members appointed by the Governor, five citizens, chairperson of the **Post-Prison Transfer Board** (former Board of Parole and Community Rehabilitation) and one member of a Criminal Justice faculty who is employed at any four-year university in Arkansas. Initial members were appointed to the merged board from the former Board of Correction, Board of Parole and Community Rehabilitation and Arkansas Adult Probation Commission, except for the criminal justice faculty member who was chosen at large.*

*On July 1, 1993, the newly created **Department of Community Punishment** assumed responsibility for parole services (transferred from the Department of Correction), adult probation services (formerly under the circuit courts), and community correctional facilities and programs to be established.*

***The Arkansas Department of Correction** has five major divisions: Operations, Administrative Services, Field Services, Institutions, and Treatment Programs.*

*Juvenile services come under the jurisdiction of the chancery courts, juvenile division. In October 1993, the **Division of Youth Services** was established as an organizational entity of the **Department of Human Services**. **The Division of Youth Services** is responsible for the provision of state-operated and contracted services to adjudicated delinquents through a centralized observation and assessment center, a regional case management system, five regional serious-offender residential programs, and a network of community-based providers throughout the state.*

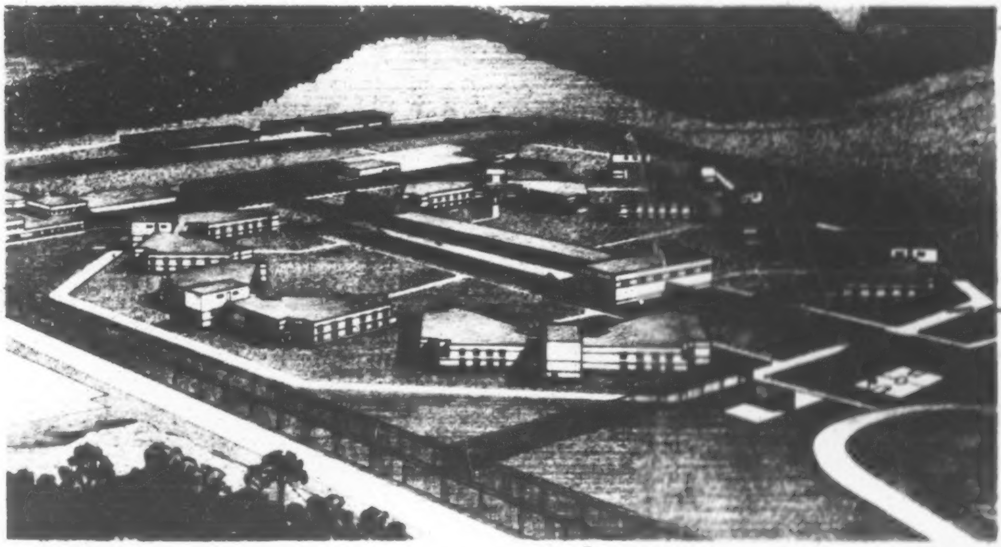
Until now, design build has been used everywhere but prisons.

Now, meet SCI Somerset.



The 1,000-cell prison, Pennsylvania's largest of the '90s, is among the nation's first design build prisons. And for good reason: L.D. Astorino & Associates will bring in the $134 million project on time and on budget -- within 600 days.

Isn't it time you consider design build for your prison? Call Dennis Astorino today.

ADULT PAROLE BOARD

*The **Arkansas Post-Prison Transfer Board** (prior to 1993, Board of Parole and Community Rehabilitation) consists of seven members appointed by the Governor to staggered seven-year terms. A panel of two members usually meets several days each month at the various units within the Department. It interviews eligible inmates to determine which are placed on parole or in an alternative service program as well as prescribe the conditions of parole and alternative service release or related functions. They make recommendations to the Governor on applications for pardons and executive clemencies. Once the eligible inmates are interviewed by the panel, the full Board votes to approve or disapprove release.*

WHERE DO YOU FIND AN EFFECTIVE SUBSTANCE ABUSE CURRICULUM THAT'S EASY TO USE?

Substance abuse is a complex problem. Effective, easy-to-use educational materials and a well-trained staff are part of the solution. That's why Hazelden, a non-profit foundation with over 40 years experience in understanding and treating chemical addiction, has created *A Design for Living℠: The Hazelden Substance Abuse Curriculum for Offenders.*

Using *A Design for Living* as the foundation for a new program or to enhance an existing program is a simple and powerful way to begin to solve the population management and recidivism problems that result from not addressing offender substance abuse.

THE FULL CURRICULUM:

- ***is a comprehensive program*** with sequential, integrated substance abuse education, treatment, and aftercare components with modular print and video formats for both offenders and counselors, with expert on-site training available as needed
- ***is written at a reading and comprehension level*** that makes it immediately accessible to offenders
- ***has as its core a proven program*** that millions of men and women have used to change the thinking and behavior that was destroying their lives and the lives of the people around them

A Design for Living is just one of the products and services available from Hazelden Corrections Services. Write us or call and we'll send you a brochure describing all of our capabilities and more information about *A Design for Living*, including the two new components available in 1993: *Criminal Thinking and Substance Abuse, Drugs and Violence*, and our Spanish Translation.

ORGANIZATION AND ADMINISTRATION

*The **Department of Corrections** was formed in 1977 retaining all of the adult criminal justice powers that it possessed as a division in the **Department of Institutions**. Having experienced a doubling of population over the past five years and further projected growth in the near future, the Department reorganized in 1991 to assure effective utilization of resources. The Department operates 18 facilities, contracts for approximately ten percent of its population in private community corrections centers and provides for parole supervision.*

*The **Division of Youth Services**, under the Department of Institutions, provides institutional and aftercare services for juveniles.*

*The **Board of Parole**, an independent agency, grants parole to adults only; this service is provided to juveniles by a separate board.*

*Both adult and juvenile probation services are a function of the **Judicial Department**.*

NO KIDDING: A COMPUTERIZED CORRECTIONS SYSTEM THAT REALLY WORKS!

We couldn't be more serious, because we've proven that our corrections software system works. Most important, it goes right to the heart of your three biggest problems:

- Overcrowding
- Staff Shortages
- Budget Shortfalls.

Now you can attack these problems with the AIMS system that:

- Makes Prisons/Jails More Liveable and More Controlled
- Improves Staff Efficiency and Effectiveness
- Contains and Reduces Costs.

An AIMS system is extremely cost-effective and typically pays for itself because it can handle more inmates and community-based offenders with the same or less staff. One state corrections department attributes *savings of more than $1 million a year* to its use. You can also:

- Control/Equalize Overtime
- Equitably Schedule Custody Officers
- Provide Case Management/Classification of Inmates and Parolees
- Accurately Compute Sentence Time
- Minimize Incidents — Improve Morale
- Provide Risk Management — Minimize Lawsuits
- Support Fully Integrated Banking/Commissary/Inventory Control Functions
- Control Health Services
- Provide Audit Trails/Controls.

We're so sure of our software system that we guarantee it to work the way you want it to. And that means in just a matter of months, not years and years!

Get serious and contact us now. Stop kidding yourself.

YOUR SOURCE FOR:

AMERICAN BIBLE ACADEMY

Fifteen in-depth Bible correspondence courses (three in Spanish) ranging from The Ruin and Redemption of Man to The Unfolded Plan of God. ABA does not discriminate on the basis of race, color, nationality or ethnic origin in admission or scholarship programs.

COMMUNION TABLE BAPTISTRIES

Looks like a communion table, but simply unlock the lid and inside is a fiberglass tub. Durable wood construction hand crafted and stained by skilled carpenters. No plumbing required, filled and drained using a garden hose.

DAYSPRING GREETING CARDS

Beautiful, multi-colored all purpose Christian greeting cards, each containing a Bible verse appropriate for the season/occasion. Over 4,000,000 have been distributed to American and Canadian correctional facilities.

"SEE THROUGH THE SCRIPTURES" SEMINARS

40 full-color overhead transparencies and an 84 page workbook take students through each book of the Bible in an exciting, fast-paced, twelve hour study of the Word of God. "STS" is taught on location by Joe R. Garman.

THE BOX THAT NEVER RUNS DRY

A box filled with Christian literature such as baptismal certificates, Bibles, Gospel tracts and religious books. When the box is empty A.R.M. refills it with more material.

VOLUNTEERS IN NATION-WIDE EVANGELISM

An Interstate network especially designed to coordinate visits between Christian volunteers and those in jail/prison. V.I.N.E. also enables prisoner's families to receive visits from concerned Christian witnesses.

ADULT PAROLE BOARD

The Board of Parole is an autonomous agency (assisted administratively by the Department of Correction) which consists of 11 members appointed by the Governor with the consent of either the House of Representatives or the Senate. The Chairman serves full-time, the other members serve part-time.

The Chairman assigns members to panels composed of three members (including himself) for each correctional institution. These panels are the actual paroling authority. The panels make release, revocation, and rescission decisions on all individuals serving indeterminate sentences for crimes committed prior to July 1, 1981. The Board also has the authority to grant medical parole to any inmate serving any sentence who has been diagnosed as being terminally ill and incapable of committing a crime. In addition, any felon incarcerated on or after October 1, 1990 who is serving a definite sentence of one year or more falls under the jurisdiction of the Board after having served one half the calendar term imposed by the court.

District of Columbia

ORGANIZATION AND ADMINISTRATION

__The Department of Corrections__ is responsible for institutional and community-based correctional services for the District of Columbia. Headed by a Director who reports to Mayor and City Administrator, the Department is responsible for the care and custody of nearly 11,000 inmates and has more than 4,000 employees and approximately 2,500 professional volunteers. The Department operates a prison complex on a 3,000 acre site established in 1916 at Lorton, VA. The complex consists of seven facilities housing misdemeanant and felony offenders classified at medium, minimum, and maximum custody levels. Facilities for adult offenders are separate from the facility for young adult offenders (ages 17 to 21 years) who are sentenced under the DC Youth Rehabilitation Act, DC Law 6-47. In the city of Washington, the Department manages the Central Detention Facility (DC Jail), Correctional Treatment Facility (which also serves as the base for the reception and diagnostic services division), and ten community correctional centers (halfway houses).

__The Board of Parole__, appointed by the Mayor, has responsibility for supervising parolees and administering parole laws for all adult felons and misdemeanants sentenced to a term of more than six months and for youths sentenced under the Youth Rehabilitation Act, and supervising parolees in the community.

Juvenile institutional and aftercare services are provided by the __Youth Services Administration__ of the __Commission of Social Services, Department of Human Services__.

Adult and juvenile probation is a function of the DC Superior Court, Social Services Division.

MAXIMUM
SECURITY

DORMA's 7800HS and TS83HS Series Closers are ideal for correctional facilities, financial institutions, government installations... anywhere there's a need to minimize opportunities for tampering, vandalism, or damage to the door hardware. Here's why:

TORX® security machine screws with a security pin design, are used for all exposed fasteners to prevent unauthorized removal.

Full metal cover is attached at four points with TORX® security screws to resist prying and wrenching.

Heavy-duty rivets or studs are welded or pinned at all connecting points to minimize the possibility of disconnecting or disassembling the arm.

UL and ULC listed and conform to the requirements of ANSI A156.4 Grade 1.

When anything less than maximum security isn't worth the risk, call toll-free at (800) 523-8483 or write

PLAY IT SMART: TRAIN AS A TEAM!
MAINTAIN THE EDGE!

IPS has a proven record of providing high quality, hands-on-training -- countless law enforcement, military and security personnel have increased their chances of survival in high-risk situations by attending our training programs.

IPS offers a wide range of both regularly scheduled and custom-designed programs in such areas as....

- tactical team operations
- executive protection services
- correctional tactical team training
- advanced firearms training
- hostage negotiations
- explosive entry/breachers course
- sniper/countersniper
- crisis management

We will train at our site or yours, and we also provide services in assessment and evaluation of security and training. Find out why our graduates consistently rate our programs as the best they have ever attended. Send for the IPS catalog today.

JUVENILE INTAKE, PROBATION AND AFTERCARE SERVICES

Florida's 67 counties are divided into 15 districts, each having its programs administered by a juvenile justice manager. Programs for delinquent children, including the delinquency case management (intake, probation, aftercare) are administered under Juvenile Justice, with unit offices strategically located throughout a district to serve delinquent offenders under supervision. The Case Management program provides supervision of juveniles placed on community control by the courts, and for juveniles released on furlough from commitment programs (training schools, halfway houses, etc.). Community services and restitution are a major part of community control. Juvenile offenders work in these programs for a specified number of hours as part of court-ordered supervision. Communities throughout Florida have provided hundreds of work sites for juvenile offenders. At the headquarters level in Tallahassee, the Juvenile Justice Program Office acts in a staff capacity to field staff by providing uniform policies and procedures through program manuals and administrative rules. This office has line authority over district juvenile justice managers and is responsible for quality control, interprogram coordination, monitoring of programs, and other functions as prescribed by law.

ORGANIZATION AND ADMINISTRATION

*Under the **Department of Corrections**, the **Operations Division** is responsible for adult offender institutions (state and county) and transitional centers (work release, pre-release, and adjustment centers) and the **Community Corrections Division** for services on the state and county level (field supervision, probation/restitution/diversion centers/detention centers). The department is also responsible for operating **Eastman Youth Development Facility**, a close security facility for youthful offenders.*

*The **Board of Pardons and Paroles** is an independent agency which reviews adult parole cases and provides field parole supervision. It is also the only state agency vested with the power to grant clemency.*

*Under the **Department of Children and Youth Services**, juvenile institutions, parole and the majority of probation services are provided by county-operated and financed juvenile courts. In several counties, these responsibilities are shared by both Department of Children and Youth Services' staff and county staff.*

Secure the Best in Correctional Health Care

Lock Us Up

Innovation and Local Responsibility

As medical professionals, quality and innovation are our standards. Compliance with regulatory guidelines is just the beginning for our medical directors and on-site administrators.

Experts in Cost Containment

The model for medical cost containment is managed care. At EMSA, we're managed care experts with more than a decade of experience.

By bringing medical, dental and mental health services inside the correctional facility we make timely care more accessible to inmates. We also reduce costs. Quality of care improves, costs decline.

Customized, Comprehensive Care

From entire state prison systems to small county jails, EMSA provides comprehensive health care. Each system is unique, tailored to your institution's needs.

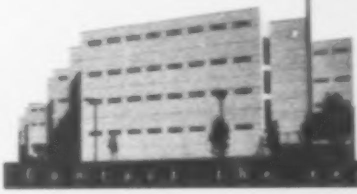
The Correct Choice For America's Most Judicious Correctional Facilities.

People choose Heery for any number of reasons. Unparalleled professionalism in program management, construction management, architecture, engineering and interior design to name a few. But the one reason that always stands out is that we stand behind our work. We're there for you before, during and after construction.



When we turn the keys over to you, all you have to worry about is running your institution. We stake our reputation on it. You can stake yours on it, too.

JUVENILE PROBATION SERVICES

*The **Department of Children and Youth Services** provides the majority of juvenile probation services. In a few counties, intake and probation services are provided by the county-operated and financed juvenile courts. In several counties, these responsibilities are shared by both Department of Children and Youth Services staff and county staff.*

JUVENILE SERVICES

Original jurisdiction in juvenile cases is at the District (Magistrate) Court level. Jurisdiction obtained by the court may be retained until age 21, unless terminated prior thereto. Jurisdiction is terminated after a youth is committed to the Department of Health and Welfare (DHW) and subsequently discharged, or when a juvenile is convicted of a felony after age 18. Juveniles under the jurisdiction of the court and charged with a felony after turning 18 are treated as adults.

The courts may commit a youth to the DHW and designate whether the commitment is for secure confinement or a community-based program. Secure confinement is defined as placement in a state operated facility providing 24 hour supervision and confinement for youth offenders committed for custody and rehabilitation. After a youth has been committed, the Department has dispositional authority regarding placement in a specific secure or community-based program. There is only one secure facility for youth offenders in the state.

BUREAU OF JUVENILE JUSTICE

The Bureau of Juvenile Justice was established in 1989 in response to the Juvenile Justice Reform Act which emphasized the Department's primary role in youth rehabilitation programming. It oversees policy development, moniters residential services, and licenses all children's treatment facilities. In addition, it provides statewide services to ensure family involvement, youth accountability and rehabilitation, and reduced risk to the public. Services to youth offenders and their families include case management, family therapy, substance abuse treatment, observation and assessment, youth companions, regional day treatment, youth employment, and out-of-home placements, as well as assistance to counties.

ADULT INSTITUTIONS

*Adult felons with sentences of one year or more are committed to the adult institutions of the **Department of Corrections**. Effective July 1983, misdemeanants (those with a sentence of less than one year) may not be sentenced to the Department.*

Sentences for crimes committed prior to February 1, 1978 were indeterminate sentences. Newly prescribed penalties are determinate sentences, followed by periods of mandatory supervised release for from one to three years, depending on the class of offense. Conversion of remaining indeterminate sentences to definite release dates is done by the Prisoner Review Board.

★COMMUNITY SERVICES DIVISION

1301 Concordia Ct, PO Box 19277, Springfield 62794-9277
Marjorie L. Brown, Deputy Director . . . . (217) 522-2666

Effective July 1, 1991, Community Supervision was reorganized into the PRESTART Program. The goals of this program are to prepare an inmate for the responsibilities of release during incarceration and to positively impact recidivism and prison crowding by concentrating resources on high risk releasees. PRESTART consists of two phases: Phase I is a mandatory 30-hour release school during which the inmate prepares an Individual Development Plan; Phase II utilizes Community Service Center offices to assist releasees in achieving goals. The Special Intensive Supervision Unit will supervise high risk releasees. Each of the four Community Services Zones will also have a Community Drug Intervention Unit.

ADULT AND JUVENILE PAROLING AUTHORITY

The ***Prisoner Review Board*** *is comprised of twelve members appointed by the Governor with the advise and consent of the Senate to six-year staggered terms. It has paroling authority for both adult and juvenile offenders, although most adult offenders are serving determinate sentences and are released at one half of their court imposed sentences. The Board hears cases of parole and release violations and imposes sanctions for same. The Board may revoke and restore good conduct credits recommended by the Department of Corrections of thirty days or more per year.*

ADULT AND JUVENILE PROBATION SERVICES

Adult and juvenile probation are administered by the Circuit Courts in each of the 102 counties. The Probation Division of the Administrative Office of the Illinois Courts has the statutory authority to develop and monitor standards and programs for probation and court services. In addition, an extensive reimbursement program to the counties for probation services is also provided by the Probation Division.

ADULT PROBATION SERVICES

The Adult Probation Department, operating under the auspices of the Chief Judge of the Circuit Court of Cook County, administers and utilizes a wide range of quality programs and services in support of its fundamental goals of assisting the courts, providing protection to the community and supporting offenders to identify needs in their efforts to successfully reintegrate into society. Programs include an Intensive Probation Supervision Unit, a Home Confinement Unit, a Resource Unit, an Intensive Drug Program and "Project Safeway," a full-service community based facility. Currently, the Department is piloting a Victim Service program and is developing an in-house substance abuse counseling program.

Presently, the department supervises approximately 32,000 probation cases and employs 641 staff, of which 396 are probation officers.

ORGANIZATION AND ADMINISTRATION

*The **Department of Correction** is divided into four divisions: **Administration, Operations, Juvenile Services and Programs**. Administration is responsible for all policy, training, personnel and fiscal functions. Operations is responsible for adult institutions. Juvenile Services is responsible for juvenile institutions. Programs is responsible for parole, work camps, work release, institutional programming, administration and supervision of community-based correction grants and offender support services. The **Parole Services Section** supervises both adult and juvenile parolees.*

*The **Board of Correction** serves as an advisory board to the Department of Correction.*

*Parole is considered at the expiration of a minimum term for indeterminate sentence prisoners by the **Indiana Parole Board**.*

*The **Juvenile Parole Committee** grants parole to juveniles committed to state institutions.*

*The **Judicial Conference of Indiana** assists local courts in developing and improving probation services and setting standards for probation officers. The Conference is governed by a Board of Directors chaired by the Chief Justice of Indiana. Probation officers are county employees directly supervised by the judge or judges in the county. The Indiana Judicial Center is the staff agency for the Judicial Conference.*

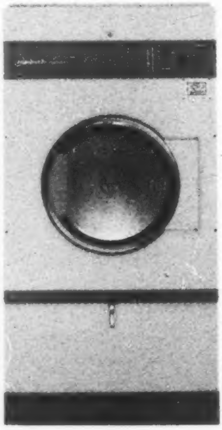
We've Got A Longer Record

Huebsch will give your laundry room a longer performance record than you ever thought possible. That's because Huebsch builds drying tumblers specifically for correctional institution laundries.



With heavy duty construction and sturdy components, sealed bearings, v-belt drives and tough galvanized steel cylinders, Huebsch dryers keep working, long after your inmates have served their time. And, they're backed with a two year limited warranty.

Before you buy another dryer, check out Huebsch. Call your local Huebsch distributor or Huebsch Response Center at 1-800-553-5120.

SUCCESS THROUGH PUBLIC-PRIVATE PARTNERSHIPS

The Cornell Cox Group is engaged in consulting, development and operations, primarily in the field of corrections. Formed by David M. Cornell and Norman R. Cox, Jr. in 1990, Cornell Cox has already demonstrated successful results in creating partnerships between the public and private sectors. Cornell Cox has exceptional skills in site selection, design, construction, community support, financing and operations, with the ability to take a project from early planning stages to on-going operations.

RESULTS

These skills are being demonstrated at two Northeast U.S. sites. At Plymouth, Massachusetts, Cornell Cox has developed a 1,140 bed multi-jurisdictional detention center serving federal, commonwealth and county authorities. At Central Falls, Rhode Island, Cornell Cox has developed and is operating a 300-bed pre-trial detention center for use by the U.S. Marshals Service.

Call us to hear more about our successful results and how those successful results can work for you.

*The **Indiana Judicial Center** serves as the staff agency for the Judicial Conference of Indiana. The Center has responsibility for administering the examination of prospective probation officers, conducting educational programs for probation officers, and developing standards for probation services. The Center collects statistics concerning home detention and electronic monitoring of probationers. The Division of State Court Administration collects all other probation data. The probation portion of the Interstate Compact for the Supervision of Adults and Juveniles is administered by the Indiana Judicial Center. All interstate probation inquiries should be directed to the Probation Coordinator.*

ORGANIZATION AND ADMINISTRATION

*The **Department of Corrections**, responsible for adult offenders, is divided into four divisions: the **Division of Correctional Institutions**; the **Division of Community Correctional Services**; the **Division of Administration**, and the **Division of Prison Industries**.*

The Department of Corrections, through the Division of Community Correctional Services, provides adult parole and probation services in eight judicial districts.

*The **Board of Parole**, an independent agency reporting only to the Governor, reviews adult felony cases of the state correctional facilities.*

*Juvenile correctional facilities are contained within the **Department of Human Services**. Juveniles are released (paroled) upon the order of the committing court, and are supervised upon release by the Department's **Division of Adult, Children and Family Services**. The county court retains jurisdiction of these youths, and the court must order any change in placement.*

Juvenile probation services are provided by judicial districts throughout the state.

ADULT PROBATION AND PAROLE SERVICES

The Division of Community Corrections Services administers post-institutional services as well as parole and halfway houses for work releasees through the judicial districts of the ***Department of Corrections****. It has administrative contract authority over preinstitutional services: pre-sentence investigation, pretrial (ROR release on recognizance and RWS release with supervision), probation and residential treatment facilities. Interstate compact caseloads are maintained directly by state staff.*

LONG-SPAN SECURITY CEILING

For Criminal Justice Systems

- The Epic Metals Security Ceiling System may be used as an acoustical ceiling or as both a ceiling and a structural system for the roof or floor above.
- The ceiling can achieve a noise reduction coefficient of up to 1.0 and lighting can be recessed or mounted to the ceiling.

- The Epic Metals Security Ceiling comes to the construction site welded together as one piece. This saves the labor of field assembly of a ceiling to the above floor or roof when used structurally.
- The five different types and the ability to select the steel thickness enables the Architect or Engineer to select the right system for inside the cells and for spans up to 30 feet (day rooms and foyers).

JUVENILE INSTITUTIONS

Youths between ages 13 and 18 who have been adjudged juvenile offenders may be committed by the District Court to the Secretary of the Department of Social and Rehabilitation Services or directly to a youth center. Status offenders are not eligible. Commitments are all to age 21 or until the superintendent of the institution finds the youth "fully reformed." The superintendent of the institution may release at any time without getting approval of court or other body.

STAFF TRAINING

Each institution has a training department and all staff receive training. Both preservice and inservice are available.

JUVENILE PAROLE

Conditional Release Supervision (parole) is a function of the Department of Social and Rehabilitation Services in cooperation with the Courts. The Superintendent of the institution to which a youth is admitted determines the release date for that individual. Paroles are administered by area offices of the Department.

JUVENILE INSTITUTIONS

Juvenile services are primarily under the purview of the Cabinet for Human Resources, Department for Social Services. The Secretaries of five major departments report to the Secretary of the Cabinet who reports to the Governor. All residential treatment facilities, group homes and day treatment centers of the department are within the purview of the Division of Children's Residential Services. Committed children are screened, diagnosed and referred to appropriate programs by the Assessment and Placement Branch.

RESIDENTIAL SERVICES BRANCH

Residential treatment facility refers to a facility over eight beds designated by the Department, in which a child adjudicated as a delinquent may reside for the purpose of treatment.

Building a Body of Evidence

PharmChem is a leading laboratory providing integrated drug testing services to clients seeking to detect and deter the use of illegal drugs. Pharmchem is certified by the Substance Abuse and Mental Health Services Administration (SAMHSA), formerly the National Institute on Drug Abuse (NIDA), the College of American Pathologist (CAP), and the U.S. Department of Defense (DOD). PharmChem conducts drug testing using the forensic procedures required for legal defensibility of test results. In its continued effort as a leader in the area of drug testing, PharmChem has developed a new application of patch technology that allows for the continuous monitoring of drug use by collecting sweat for the analysis of illicit substances. FDA market approval is pending for a cocaine patch while clinical trials continue for opiates, amphetmines, marijuana and PCP. Utilization of the PharmChek® sweat patch will provide for long term monitoring while maximizing productivity and eliminating some of the drawbacks associated with urine specimen collection.

JUVENILE INSTITUTIONS

Juvenile offenders adjudicated as status offenders or delinquents may either be placed under the supervision of the Office of Youth Development or come into its custody for placement in residential or non-residential programmatic services. Only delinquent youths may be placed in the state's training schools.
Juvenile jurisdiction may be exercised until age 21.
Legal criteria for commitment to juvenile correctional training schools: a child over the age of 13, but under 17, adjudicated delinquent. Legal criteria for commitment to custody: if the child is adjudicated delinquent and is over age 13, he may be committed to the agency's custody for a period of time not to exceed his 21st birthday. A child under age 13 adjudicated delinquent for a felony offense may be committed to the agency's custody for a period of time not to exceed his 18th birthday.

ORGANIZATION AND ADMINISTRATION

The Department of Corrections administers the state correctional system and is responsible for adult and juvenile institutions plus the Division of Probation and Parole, which provides field services.

The Parole Board, which is appointed by the Governor, hears pre-1976 adult cases of parole and juvenile violation cases from the Maine Youth Center. Individuals sentenced under the new Criminal Code, effective May 1, 1976, have flat sentences and no parole.

__The Patuxent Institution__ is an autonomous correctional facility which specializes in the treatment and rehabilitation of selected adult offenders under Article 31B of the Maryland Code. It is separate from those institutions administered by the __Division of Correction__ but is within the __Department of Public Safety and Correctional Services__. The Institution provides its own educational, vocational, treatment, and community reentry supervision services to offenders. In July of 1990, it became the only coeducational correctional facility in the state of Maryland. The paroling authority is the __Institutional Board of Review__.

JUVENILE SERVICES

Juvenile institutions, intake, probation, and aftercare (parole) services all come under the jurisdiction of the Department of Juvenile Services. The majority of children who come under the preview of the Department are supervised by juvenile counselors within the community or are placed in private community-based residential programs. Less than 10 percent are committed to institutional facilities by the courts. Commitments are for indeterminate periods of time. At the time of commitment, the Department of Juvenile Services assigns an aftercare worker to the case whose job is to prepare the community for the child's return as well as help the institution prepare the child for eventual release back into the community. The date of release is determined by the institutional staff and the aftercare worker who together make their recommendation to the courts for final approval.

JUVENILE INTAKE, PROBATION AND AFTERCARE

The decision to put juvenile offenders on probation instead of institutionalizing them is made by the Court, based on the recommendation of the juvenile counselor. Intake, Probation and Aftercare services are provided by juvenile counselors within each region. The State (including Baltimore City) is geographically broken down into six areas; the Supervisors administer the services for their area and are responsible to the Executive Director for Field Services.

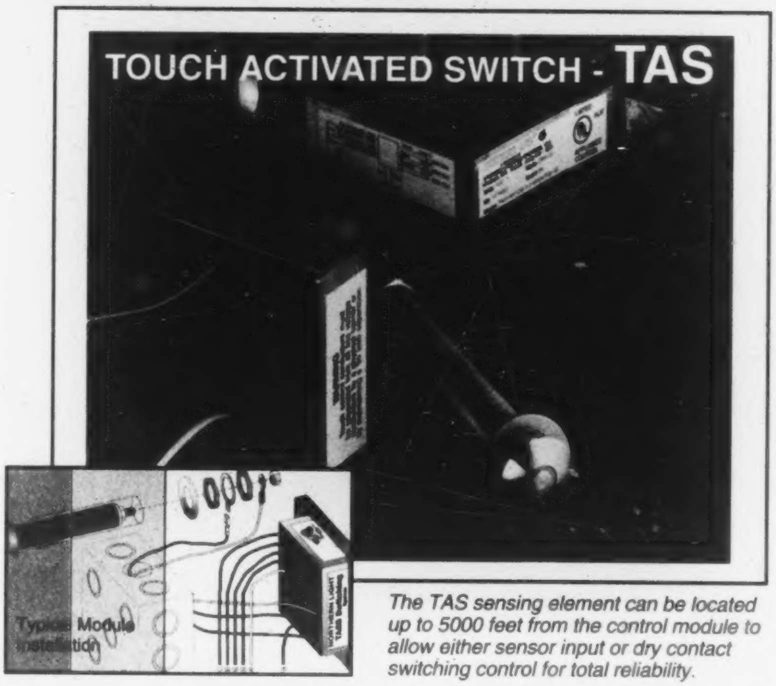
MAXIMUM LIGHTING CONTROL FOR MAXIMUM SECURITY



TOUCH ACTIVATED SWITCH - TAS
Typical Module installation
NORTHERN LIGHT TAS Switching

The TAS sensing element can be located up to 5000 feet from the control module to allow either sensor input or dry contact switching control for total reliability.

TAS - Touch Activated Switch - the ideal solution for reliable lighting control in unreliable applications.

Most conventional touch sensitive switches are based on capacitive or resistive paths to ground sensed on input - both uncontrollable variables.

The highly-reliable, TAS Module uses an innovative patent-pending dual element bolt that detects a bare skin touch (a known, variable) across a small insulated gap to provide exceptionally dependable switching in even the most hazardous, heavily abused locations.

At Northern Light we strive for reliability and excellence. We've built a solid reputation for superior quality, and custom design, as well as cost competitive manufacturing. We continue to expand our product line and improve Northern Light's ability to meet your demand for world class manufacturing.

ADULT PAROLE BOARD AND PAROLE SERVICES

The Parole Board is an independent agency within, but not subject to, the state Department of Correction. The Chairman is the executive and administrative head of the agency and reports to the Secretary of Public Safety. The Board also serves as the Advisory Board of Pardons for the Governor.

The Parole Board is responsible for the granting and revocation of parole for all commitments to state prison, reformatory and houses of correction serving a sentence of 60 days or more from either Superior or District Court. Parole Board members are appointed by the Governor and serve five year terms.

Parole supervision is provided by a field staff under the direction of the Chief Parole Supervisor. Parole officers are responsible to a Regional Supervisor who reports to the Deputy Chief Parole Supervisor.

ORGANIZATION AND ADMINISTRATION

*Adult institutions and the **Adult Parole Board** come under the jurisdiction of the **Department of Corrections**. Adult parole and felony probation services are administered by the **Field Operations Administration** within the Department. Misdemeanant probation services are handled by District Courts throughout the state.*

***The Office of Community Corrections** is responsible for the management of the Community Corrections Act which maximizes the use of community-based punishment programs. This office is independent from the Department of Corrections.*

***The Office of Delinquency Services** of the **Bureau of Child and Family Services**, responsible for juvenile institutions, is within the **Family Services Administration** under the **Department of Social Services**. The administration of juvenile probation and aftercare is the responsibility of the state, the court administrator and the county levels of government. The Office of Delinquency Services is required to provide consultation and assistance to juvenile probation workers.*

The Juvenile Courts and Adult Circuit Courts may commit youth to the Department of Social Services for treatment services, which may include aftercare. These juveniles are subject to the local juvenile court judges.

PADDED SURFACES BY B&E

PADDED SURFACES specializes in custom fabrication of cell walls and floors in Correctional Facilities, Schools and Institutions.

All cell areas are covered with 3/4" Rubaflex padding. Bullet proof Kevlar by Dupont is installed over the padding for long lasting durability. A top coat of liquid vinyl is applied to match any color scheme and clear epoxy provides easy surface clean-up.

Waste disposal is accomplished by a flush-mounted, Stainless Steel Ring eliminating the possibility of bodily injury.

Finish products used by PADDED SURFACES are V.O.C. compliant and U.S.D.A. approved.

In your work-release or alternative sentencing program, *every* injury is serious.

You already know the problem...an injury to the offender (volunteer) could mean liability for probation, parole or work-release officials, or the community agency where the services are being performed.

You might not know that there is a practical solution. At a very affordable cost, you can make certain the volunteer's medical expenses are paid for -- making it much less likely that they would choose to sue anyone for damages.

Insurance protection for only $3 a year -- That is your annual cost, per person, for up to $25,000 in accident medical reimbursement insurance for every volunteer in your program! Nearly 700 organizations already are participating in this low-cost way to manage one of the most serious risks these programs face. The insurance carrier is rated "Excellent" by A. M. Best Company.

For more details and an application, call or fax your request today. We also will be happy to provide information on our program that covers "traditional" volunteers.

COMMUNITY CORRECTIONS SERVICES

***The Office of Community Corrections** (OCC), was created by Public Act 511 in 1988. The OCC is responsible for the management of the Community Corrections Act which has as its general goals the appropriate utilization of prison and jail facilities so as to alleviate institutional crowding by maximizing the use of community-based punishment programs. The OCC is overseen by the Michigan State Community Corrections Board which is appointed by the Governor. The Board hires the Executive Director who reports directly to the Governor. The OCC is completely autonomous from the Department of Corrections but housed there as a constitutional protection. The DOC provides administrative support services to the OCC to avoid unnecessary duplication.*

By law, the office of Community Corrections has several important tasks to manage: local program services and statewide data collection, reporting and analysis.

JUVENILE SERVICES AND INSTITUTIONS

*Under the **Office of Delinquency Services**, which is within the Department of Social Services, the **W.J. Maxey Training Service** and the **Outstate Residential Treatment and Intake Units** have jurisdiction over juvenile institutions and jail/detention alternative programs. All commitments are juvenile delinquents of the ages 12 to 17; they are given indeterminant sentences with the jurisdiction of the Department to age 19 or 21 for certain offenses. Of these commitments, only youthful felons may be placed in state-operated institutions.*

We Met The New York Challenge with Superior Design and Construction And On-Time Completion

Leon D. DeMatteis Construction Corp. was the design-build contractor for the multi-million dollar Rikers Island Project in New York City. This six-story, "L-shaped" structure of 300 maximum security cells couples efficient, functional operation with high quality, economic construction and it was completed in seventeen months.

The success of DeMatteis in the award of this contract was based not only on overall design superiority, but also on strong, sound credentials earned over their 70 years of designing and building in the public and private sectors both nationally and around the world.

The Rikers Island Project was built to demanding specifications in one of the toughest competitive markets in the world. The Rikers Island Project—one more reason to consider Leon D. DeMatteis Construction Corp. for development of your next detention facility.

JUVENILE PROBATION AND PAROLE SERVICES

The administration of the juvenile probation system falls within the purview of the state, the ***Court Administrator*** *and the county levels of government. The* ***Bureau of Delinquency Services*** *is required to provide consultation and assistance to juvenile probation workers and provides community supervision to youth assigned by juvenile and adult courts.*

Minnesota

ORGANIZATION AND ADMINISTRATION

*Both the adult and juvenile state correctional institutions come under the jurisdiction of the **Department of Corrections**. The Commissioner of Corrections has responsibility for parole and supervised release. With the exception of the parole of inmates with life sentences, this parole authority is delegated to the **Office of Adult Release**. The **Executive Officer of Juvenile Release**, under the authority of the Commissioner, is the paroling authority for juveniles.*

*The **Board of Pardons** has the authority to grant pardons and pardon extraordinaries, and to commute sentences. The Board consists of the Governor, Chief Justice of the Supreme Court, and the Attorney General. The Commissioner of Corrections or a designee serves as secretary to the Board of Pardons.*

Probation, parole and supervised release are provided by the state and counties in different manners. Counties participating in the State Community Corrections Act (one-third of the counties; two-thirds of the state population) provide probation, parole and supervised release services to both adults and juveniles. In the remaining counties, adult services are provided by the state and juvenile services are provided by the counties either with their own personnel or through contracts with the state.

ADULT PAROLE AND SUPERVISED RELEASE AUTHORITY

*The Commissioner of Corrections has responsibility for granting parole and setting the conditions of supervised release. With the exception of the parole of inmates with life sentences, the Commissioner delegates this authority to the Office of Adult Release. The **Office of Adult Release** consists of the Executive Officer of Adult Release and two full-time Deputy Executive Officers and corrections staff who are assigned part-time to assist the executive officer. An advisory panel composed of departmental employees advises the Commissioner regarding inmates with life sentences. The delegation of authority provides for the Executive Officer of Adult Release to grant parole and work release to revoke parole, work release and supervised release, to discharge persons under indeterminate sentences, and to approve the condition of parole, work release, and supervised release. Parole and supervised release responsibilities were formerly performed by the Minnesota Corrections Board (parole board) which was legislatively abolished on June 30, 1982.*

BOARD OF PARDONS

*The **Board of Pardons** has the authority to grant pardons or commute sentences. The board may also grant pardons extraordinary to persons who have completed their sentences. Such pardons excuse offenders from the requirement to disclose their conviction when asked if they have been convicted of a felony. The Board of Pardons consists of the Governor, the Chief Justice of the Minnesota Supreme Court and the Attorney General. The Commissioner of Corrections or a designee serves as the secretary to the board.*

ADULT/ JUVENILE PROBATION/PAROLE/SUPERVISED RELEASE SERVICES

Probation, parole and supervised release are administered by the state and counties in different manners. Those counties under the Community Corrections Act provide probation, parole and supervised release services for both adults and juveniles. In the remaining counties, juvenile services are provided by the counties either with their own personnel or through contracts with the state. Felony services are provided by the state.

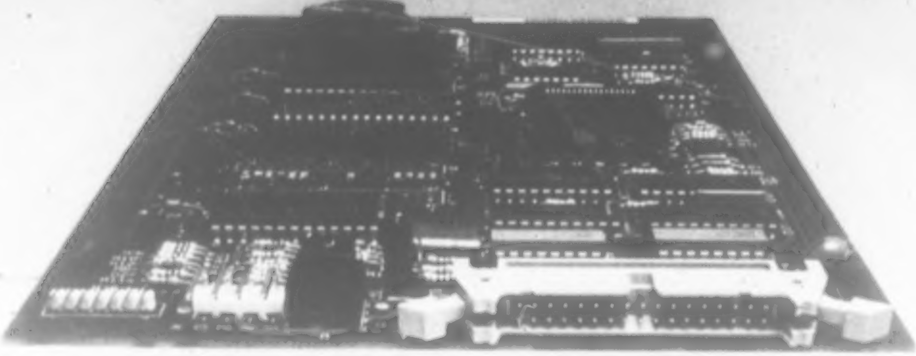
It Takes A Brain Like This



To Keep Your Facility Under Control

Introducing The *SecurePlex*™ Facility Control System

The heart of the system.

Logic, memory and control is provided by the SecurePlex™ Central Processing Unit — everything you need to control door locks, lights and other electrical devices through the door/light control line card assembly. In fact, the SecurePlex CPU can control up to 16 individual line card assemblies (240 devices total) and can be networked with up to eight local systems for a total of 1,920 devices. The CPU also provides support for intercom and public address functions.

Control lights, locks automatically.

The SecurePlex door/light control line card provides automatic control of door locks, lights and other high voltage devices. The unit's control signal drives a buffer relay and also controls the switches and LEDs located on a control panel.

Integrated intercom and paging functions.

The SecurePlex intercom control line card assembly provides control of intercom stations and speakers. The unit switches speaker lines and senses intercom station "call" switches. Audio functions are provided via a separate intercom control panel. The SecurePlex can allow integrated intercom and CCTV operation.

Standard PC data interface.

The SecurePlex CPU supports an interface to a standard PC for quick, easy programming tailored to your facility's requirements — without the need for complicated user-written software. Programmed information is protected in memory even if the system loses power.

Find out how SecurePlex can help you keep your facility under control. Call or write for more information today!

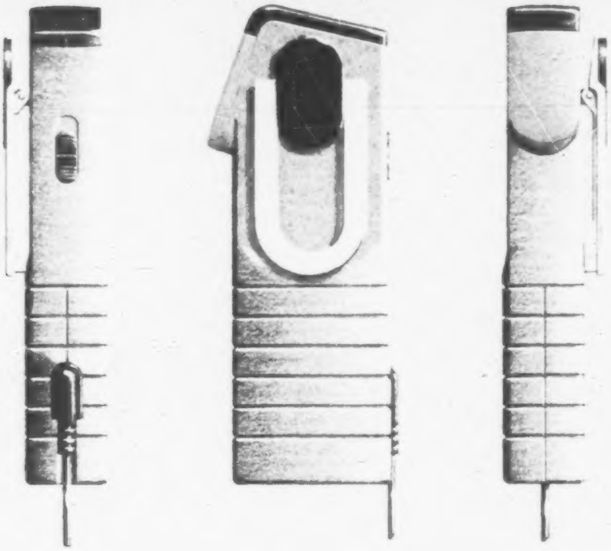
A new alarm system for personal security



Quick location of person in distress

We introduce our new personal alarm system, telePROTECT 900. The system features a transmitter which enables you to locate a person in distress quickly, and what's more - there is no special wiring required.

The new system offers features not normally found in other systems - telePROTECT 900 tells who you are, where you are and how the alarm was activated. The alarm can be displayed on a computer screen, on a pocket pager display, and/or other annunciators. When the system is monitored through a computer control center, the screen will even show your location just prior to alarm activation!

Reliable, secure and easy to use

- The new system works by radio and IR transmission - no wiring is required.
- Shows the identity of the source of the alarm.
- Locates the source of the alarm and indicates last and previous location.
- Three ways of alarm activation: push-button, "man down" and "pull alarm"
- The alarm transmitter is small, easy to carry and very simple to use.
- The system is very reliable and secure from false alarms.

Justice Facilities Work When All of the Pieces Fit

A [illegible] piece of the justice facility design and construction puzzle is the participation of the end users in the facility's planning, design, and construction.

Sverdrup's approach is to involve the users and operators early in the design process. When the design addresses operational needs, the result is an efficient, cost-effective facility that meets its objectives. And Sverdrup's ability to oversee both design and construction can result in on-time and on-budget performance.

Put our integrated team approach to work on your next project.

ORGANIZATION AND ADMINISTRATION

*The **Department of Corrections**, formerly a division in a large department, was created November 1, 1976 through legislation. The Department includes two juvenile facilities; it turned over all juvenile community and residention programs to the Department of Human Services in 1993. The **Bureau of Parole**, within the Department of Corrections, provides supervision for adult and juvenile parolees.*

The Department is also responsible for the inspection of county and municipal detention facilities; the operation of State Use Industries, which manufactures, distributes and stores support items for various institutions; and extensive rehabilitation programs. A seven member Advisory Council, appointed by the Governor, reports to the Commissioner.

***The State Parole Board** is appointed by and responsible to the Governor. The Board is the paroling authority for all offenders committed as adults, young adults or juveniles in the state.*

*Adult and juvenile probation services are under the **Administrative Office of the Courts of the Judiciary**.*

COMMUNITY SERVICE CENTER

The ***Community Service Center*** *is a pre-release concept designed to ease the re-entry of the released, adult offender into the community; houses not more than 50 for a period of about four months. Residents work a regular full-time job or attend school or vocational training. Residents eligible for admission into the program are those who have achieved minimum custody status in the institution, who meet stipulated admission criteria and who are within seven months of release to parole or termination of sentence.*

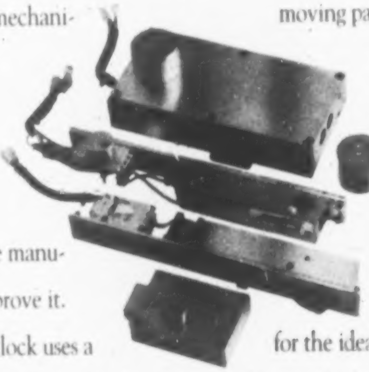
WE SHOCKED OUR COMPETITION WITH AIR. IMAGINE WHAT WE CAN DO WITH ELECTRICITY.

The first name in pneumatic security locks is now the best name in electro-mechanical, too.

You know Airteq as the innovator of Airlocks™, improving prison security with the trusted technology of pneumatics. Now, Airteq introduces its new lines of mechanical and electro-mechanical locks. Same engineering principles. Same manufacturing expertise. More ways to prove it.



Airteq's electro-mechanical lock uses a two-phase, bi-polar stepper motor. Sounds complicated. But here's the shocker. It's the same dependable motor many industries have relied on for years — everything from aerospace to manufacturing automation. And only Airteq engineers a lock that takes advantage of its proven technology.

Other electro-mechanical locks employ gears, switches, brushes and armatures that require lubrication and are subject to the adverse effects of dust and heat. Airteq's solution eliminates these problems. With fewer moving parts, the brushless linear actuator's sealed design is virtually maintenance-free.

Longer-lasting. More reliable. Plus, every Airteq lock is U.S.-manufactured and guaranteed.

Whether it's retrofit or new construction, call 1-800-466-3007 for the ideal security locks and associated hardware for your facility.

Pneumatic.
Electro-mechanical.
Mechanical. Count on Airteq for everything.

ADULT PAROLE BOARD

*The **State Parole Board** is a full-time Board composed of a Chairman and eight Associate Members appointed by the Governor with the advice and consent of the Senate. The Board is comprised of panels for adult, young adult and juvenile cases. The members are further paired to hear county jail cases.*

Each panel consists of two Associate Members with the Chairman sitting as the third member of each panel. The Board is the paroling authority for all offenders committed as adults, young adults or juveniles in the state and county jail inmates with terms in excess of 60 days. The Board also investigates and advises the Governor on all applications for executive clemency. In 1984, a Victim Input Program was started. The Board will consider the testimonies of victims of first and second degree crimes in making decisions.

ADULT AND JUVENILE PROBATION SERVICES

As a judicial function established by statute, probation is a disposition which may be imposed on both adults and juveniles as an alternative to confinement in state or county facilities or directly as a sentence. The Supreme Court, under the leadership of the Chief Justice, aided by the Administrative Director of the Courts (AOC), is responsible for setting statewide probation policy. The Assistant Director for Probation at the state level AOC coordinates day to day programs and activities, maintains responsibility for interstate cases, and acts as consultant to the Judiciary on probation matters. The state also manages a line operation, Intensive Supervision Program.

Assignment Judges of each judicial district make recommendations for Vicinage Chief Probation Officers. These individuals are appointed by the Director of the AOC with the approval of the Chief Justice. Assignment Judges also appoint Probation Officers, fix salaries and administer day to day operations of the local probation departments. Operating costs are paid for primarily by the counties.

ADULT INSTITUTIONS

Adult offenders, 18 and over (except 15 year olds who have committed murder and 16 year olds who are convicted of other violent felonies,) who have been convicted of a felony are committed to the Corrections Department where they must serve a minimum sentence of one year at one of the following institutions. Misdemeanants and felons may be placed on probation by the court with the Corrections Department supervising them. In some cases, the judge may decide to send an adult offender to an institution for a 60-day diagnostic evaluation commitment. After the evaluation is made, the judge makes a decision to sentence or place on probation.

ORGANIZATION AND ADMINISTRATION

*The **Department of Correctional Services** administers the adult correctional institutions. The adult **Board of Parole**, an autonomous body which reports to the Governor, is administratively under the **Division of Parole**. The Chairperson of the Board is Chief Executive Officer of the Division. The Division is responsible for the administration of institutional and field parole services for adults and some juveniles.*

*Juvenile institutions are administered by the **Division for Youth under the Executive Department**. Parole services and supervision are also the responsibility of the Division.*

*Probation services are administered by local county departments. The **Division of Probation and Correctional Alternatives**, under the Executive Department, serves primarily to supervise county operations and provide financial assistance.*

*The City of New York has its own correctional system for offenders: the **Department of Corrections**; the **Department of Juvenile Justice**; and the **Department of Probation**.*

NEW YORK STATE COMMISSION OF CORRECTION

The New York State Commission of Correction inspects and monitors the level of care provided prisoners in all correctional facilities in New York, including prisoners confined in municipal lockups, county jails, and state prisons.

Some inmates would *love* to stab, slash, pound, punch and burn you.

But they won't get past your S.T.A.R.

Special Tactical
Anti-Riot vest

Features:

- Stab protection — to 81.1 foot pounds, the same as called for in the tough California Correctional Standard.
- Slash protection achieved with space-age titanium.
- Blunt trauma protection — you'll barely feel the blows.
- Flame protection with fire-retardant Nomex® covering.

The S.T.A.R. vest gives you a maximum range of motion for close confrontations.

Don't Get Stuck With Anything Less.

PROBATION SERVICES

NEW YORK STATE EXECUTIVE DEPARTMENT

Through the State Director, the mission of the ***Division of Probation and Correctional Alternatives*** *is to maintain and improve probation services and other programs devoted to providing alternatives to incarceration. The services resulting from the agency's mission and responsibilities are intended to maximize community based management of offenders, juvenile delinquents, and persons in need of supervision, and to ensure that such management is consistent with public safety, offender accountability and rehabilitation, and cost effectiveness. The* ***Probation Commission*** *advises and consults with the Director of Probation and Correctional Alternatives in the formulation of policies relating to probation throughout the state.*

As reconstituted by Chapter 695 of the Laws of 1971 and amended by Chapter 496, Laws of 1972, the Probation Commission consists of the Director of Probation, who is chairman, and six other members selected as follows: three appointed by the Governor from among persons who, as members of the community, have demonstrated an interest and involvement in the field of probation; two appointed by the Governor from among probation administrators and probation officers actually employed in the field of probation; and the Chief Administrator of the unified court system. Members do not receive any compensation for their services; those appointed by the Governor serve at the pleasure of the Governor.

ORGANIZATION AND ADMINISTRATION

*The **New York City Correction Department** functions in a dual capacity as both a pre-trial and a post-sentence agency. Persons over 16 years of age may be incarcerated as detention or sentenced cases. Sentenced cases, classified as misdemeanants, or "D" and "E" felons serving up to one year (minimum one day). The Department also performs a civil function by holding cases answerable to civil courts of the City of New York.*

*The **New York City Department of Juvenile Justice** provides detention, aftercare and prevention services to juveniles in New York City. Children detained in Department facilities include both alleged juvenile delinquents (JD) and alleged juvenile offenders (JO) whose cases are pending. The Department's detention facilities also hold adjudicated JDs and convicted JOs awaiting transfer to State Division for Youth facilities. The Department administers Spofford Juvenile Center in the Bronx (at present the only secure detention facility for juveniles in the city), ten group care facilities (seven of which are operated by voluntary agencies), and a foster home. The Department also supervises Family Court detention rooms and transports detained juveniles between the Department's facilities and the Family, Criminal and Supreme Courts in each of the five boroughs.*

CLINCHER®

INMATE IDENTIFICATION WRISTBANDS

IDENTIFY AND CLASSIFY INMATES WITH CLINCHER®...

Clincher Identification Wristbands provide a tamperproof, secure means of identifying the inmate population.

Clincher comes in various styles and colors, and accomodates typed on, written on, or bar coded information, as well as photo identification. In addition, the wristband offers a choice of plastic snaps or metal fasteners.

Unlike badge style identification, Clincher provides greater security since it remains on at all times, even while the wearer is showering or exercising. For Information call: 800-847-0670 EXT: 355

JUVENILE INSTITUTIONS AND SERVICES

The ***Department of Juvenile Justice****, provides detention, aftercare, and prevention services to juveniles in New York City. Children detained in Department facilities include both alleged juvenile delinquents (JD) and alleged juvenile offenders (JO) whose cases are pending. The Department's detention facilities also hold adjudicated JDs and convicted JOs awaiting transfer to State Division for Youth facilities. The Department administers Spofford Juvenile Center, in the Bronx (at present the only secure detention facility for juveniles in the city), eleven group care facilities, (seven of which are operated by voluntary agencies), and a foster boarding home. The Department also supervises Family Court detention rooms and transports detained juveniles between the Department's facilities and the Family, Criminal and Supreme Courts in each of the five boroughs.*

The Department has redefined its mission to focus more on preventive services and has implemented a number of new programs as part of that effort. The Court Appearance Program (CAP) provides escorts to ensure that children make their court appearances. CAP educates children and their guardians about the court system, and encourages appropriate behavior in court. The Detention Alternative Program (DAP) is the *agency's alternative to detention program. DAP advocates for the release of children who have been carefully assessed and who demonstrate that they can be returned to their homes to await the disposition of their cases. The program provides close supervision and case management services until dispositions are reached. The Reading Achievement Program (RAP) targets recently-released children and their siblings who read two or more years below grade level for diagnostic testing and reading instruction. The Neighbors Assisting Prevention Program (NAP) targets at-risk communities with a range of severe problems, and provides technical assistance to those communities by working directly with local leaders and organizations, in an effort to create community-based models for preventing juvenile crime.*

ORGANIZATION AND ADMINISTRATION

Adult correctional institutions and services are provided by the ***Department of Correction (DOC)****, an agency composed of four sections:* ***Central Administration, Division of Prisons, Division of Adult Probation and Parole (DAPP) and Correction Enterprise****.*

Central Administration provides support services to all areas of the department such as personnel, training, accounting, purchasing, internal auditing, research, substance abuse treatment and community and public relations.

The Division of Prisons is responsible for operation and management of the state's 91 prisons. A Director of Prisons and his staff administer prisons through five commands for women, youth, institutions and eastern and western areas.

The Division of Adult Probation and Parole has 19 branch offices with 134 probation and parole units responsible for the supervision of probationers and parolees. DAPP uses electronic house arrest, intensive supervision and regular probation and parole programs to oversee more than 93,000 offenders.

Correction Enterprise employs approximately 1,500 inmates from the Division of Prisons daily in a variety of areas. These operations provide low-cost products and services for use by government agencies.

The ***Parole Commission*** *makes all decisions on parole. The five members are appointed by the Governor. The Commission, supported by a professional staff, operates separately from the DOC.*

Juvenile institutions are operated by the ***Department of Human Resources' Division of Youth Services****. A juvenile is released from an institution after completion of the "main stream" level or step program. Children are then released at the discretion of the treatment team and staff of the institution except when committed for a definite term by the court. There is no juvenile parole board as such.*

Juvenile intake, probation, and aftercare are provided by the ***Juvenile Services Division of the Administrative Office of the Courts****.*

W.V. Ritchie, Command Manager . . . . (919) 733-3156

Of the 89 facilities in North Carolina, 69 are managed through six Area Offices, centrally located within six geographic areas of the State. Three geographic areas are managed by the Western Command Manager and three are managed by the Eastern Command Manager. All adult male misdemeanants and felons are received at a unit designated as the Reception/Diagnostic Center. At this center the inmate is evaluated and classified for assignment to a designated unit within the area for the completion of an appropriate correctional program.

MAXIMUM SECURITY

means no false alarms

Life Safety Systems for correctional institutions require special sensitivity to the wide ranging impact of a false alarm. Regardless of installation size or complexity, EST Life Safety Systems deliver maximum security against false alarms.

Advance warning of sensor contamination coupled with state of the art software verification and automatic adjustment of sensor sensitivity provides maximum protection against false alarms while minimizing maintenance costs. EST Life Safety Systems efficiently link all safety functions of vast correctional facilities into one regenerative network. The self-testing features of EST systems automatically compensate for failure. By transferring monitoring to other controllers in the network, the EST Life Safety System provides fail-safe integrity.

In actual emergencies, EST Systems perform with pin point accuracy, controlling doors, security checkpoints and ventilation systems, while broadcasting precise evacuation instructions.

Minimized false alarms, comprehensive protection against system failure and high efficiency performance in emergencies all make EST the first choice in Life Safety Systems for Correctional Institutions.

*The **Department of Corrections and Rehabilitation** has responsibility for both adult and juvenile institutions and community programs. All felons with a sentence from one year to life are committed to the State Penitentiary; offenders with a sentence not less than 30 days, nor more than one year, may be committed to the Missouri River Correctional Center. The **Parole and Probation Division** provides state supervision of adult parolees and probationers.*

*The **Parole Board** is an autonomous agency with authority to parole adults. The **Pardon Board** is an autonomous agency with authority to pardon adults.*

*Troubled juveniles who are at risk of or in need of out-of-home placement are placed with the **Division of Juvenile Services** by order of a juvenile court. The division places a child, based upon a written treatment/rehabilitation plan, in the least restrictive environment consistent with the child's needs and the safety of society. Young offenders may be committed to the division's coeducational institution by the juvenile court or by internal division classification. Children placed in the State Industrial School have release dates determined by the Division of Juvenile Services.*

***Juvenile Probation Services** are administered on the local level by the Juvenile Supervisor in each judicial district.*

ADULT INSTITUTIONS

After conviction, adult male offenders are taken to either the Correctional Reception Center, Orient, or the Lorain Correctional Institution. Adult female offenders are received at the Ohio Reformatory for Women, Marysville. During the reception process, inmates are evaluated to establish their educational, medical, psychological and security levels, and are assigned to a parent institution. Upon completion of their sentences, inmates are transferred to a pre-release center to help them adjust to life in society following incarceration. Ohio has three adult female institutions and 20 adult male facilities.

ADULT PAROLE AUTHORITY AND PAROLE BOARD

*Within the **Division of Parole and Community Services**, under the **Department of Rehabilitation and Correction**, the **Parole Board** of the **Adult Parole Authority** has parole authority over adult felons. In addition to the nine full-time paid members, eleven Hearing Officers expand the functions of the Parole Board.*
The Parole Board can release felons from adult institutions on "shock parole" after six months confinement, provided the offense was not murder or aggravated murder, a felony of the first degree, and anyone serving a sentence of actual incarceration. Inmates who are within six months of their parole hearings may be eligiblefor educational and vocational furlough. Inmates are also eligible for regular parole after serving the minimum sentence less time for good behavior.

JUVENILE INSTITUTIONS AND SERVICES

To be placed into the custody of the Department of Youth Services (DYS), a juvenile offender must be committed by a county juvenile court for an offense which would be a Felony I, II, III, IV or a capital offense if committed by an adult. Upon commitment, a youth is placed in the appropriate DYS institution based on a classification system which considers prior offenses, committing offenses and special program/service needs. All youth who are committed to DYS may, at the discretion of the Department, be institutionalized to age 21, although very few actually are. There are minimum periods of institutionalization as follows: Murder or aggravated murder, until the youth reaches 21 years of age; felonies of the first and second degree, one year; and felonies of the third and fourth degree, six months. It should be noted that many youth are released before the "minimum" period, through a statutory process which requires approval of the committing court.

JUVENILE PROBATION

Probation of juveniles is administered by probation officers appointed by a Juvenile Court Judge. The Judge may transfer the duties of probation to county probation departments but at no time may a juvenile case be handled by an officer from the Adult Division. The ***Office of Subsidies*** *within the* ***Department of Youth Services*** *administers a program of state aid to juvenile courts.*

In all but two counties, the Juvenile Court is within the ***Division of Domestic Relations of the Court of Common Pleas****. Cuyahoga County has an independent juvenile court; Hamilton County juvenile court is a separate division of that county's Court of Common Pleas. All juvenile courts have exclusive original jurisdiction over delinquent, neglected, and "unruly" children under 18 and over physically handicapped children to age 21.*

ORGANIZATION AND ADMINISTRATION

*The **Department of Corrections**, established through the Corrections Act of 1967, provides supervision and comprehensive services for adult offenders in institutions, community correctional centers, community work centers, parole, and probation. The mission of the Department is to protect the public, protect the employee, and protect the offender. The Director operates under the authority of the **Oklahoma Board of Corrections**. The **Pardon and Parole Board**, a separate state agency, is the paroling authority for adult offenders. Within the **Department of Human Services (DHS)**, the **Office of Juvenile Justice** is responsible for juvenile correctional institutions, probation services to the juvenile courts and statewide juvenile parole services. The **Parole, Review and Hearing Board** is the paroling authority for juvenile offenders. The Board, an administrative hearing body, makes recommendations to the Director of the DHS, who has the final decision.*

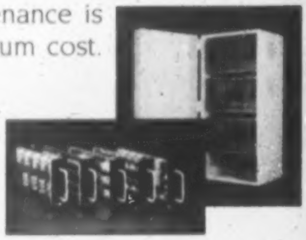
FROM CONCEPT TO COMPLETION

It originates as a security concept— an idea for a security control system that will grow as easily as needs change. Taking a creative idea and turning it into an innovative, custom-designed security control system is what has made Unitek such a successful company.

Our technical staff will work with you to create a system that addresses your needs, and simplifies operations. And that's only the beginning. The heart of our system incorporates two standard components: relay logic control racks and circuit cards with self-diagnostic features. By incorporating these two standard components, maintenance is reduced to a minimum cost.



Circuit Cards & Logic Control Rack.

As well as supplying the corrections industry with security control systems, we also design and install sound, paging, and nurse-call systems. So when you're ready to take a concept and watch it become a complete, cost-effective, and extremely reliable system, call Unitek at **1-800-272-9757.**

ADULT INSTITUTIONS AND SERVICES

Any adult, 18 years or older, convicted of a felony, or juvenile (16-17) on juvenile court remand, is committed to the Department of Corrections. Institution sentencing is calculated based on the date of commission of the crime. If crime was determined to have been committed prior to November 1, 1989, or crime commission date is uncertain, the indeterminate sentencing laws apply. If crime was determined to have been committed after November 1, 1989, determinate sentencing occurs under the Sentencing Guideline laws established by the 1989 legislature.

JUVENILE SERVICES

A juvenile, between the ages of 12 and 18, who commits an act which if committed by an adult would constitute a violation of the law, may be committed to the Children's Services Division of the Department of Human Resources. Once accepted, jurisdiction may continue to age 21. All terms are indeterminate. Parole supervision is provided by the Office of Juvenile Correctional Services.

ORGANIZATION AND ADMINISTRATION

*Adult institutions come under the jurisdiction of the **Department of Corrections**. The Commissioner is appointed by the Governor.*

*The paroling actions and supervision of adults whose sentences are two years or more are the responsibility of the **Board of Probation and Parole**. County probation departments supervise adult cases with sentences of two years or less paroled by county courts. The Board also has authority to supervise probation cases and offenders sentenced to confinement with a maximum of two years or less when paroled and referred to the Board by the county courts; county courts retain authority to revoke, terminate or take other judicial actions in these special cases. The **Board of Pardons** hears petitions for executive clemency.*

*Juvenile institutions come under the jurisdiction of the **Bureau of State Children and Youth Programs** of the **Department of Public Welfare's Office of Children, Youth and Families**. Juvenile probation and aftercare are functions of the counties and their officers.*

There are no institutional juvenile parole boards; the Juvenile Court has complete and original jurisdiction over juvenile offenders.

ADULT INSTITUTIONS

Those convicted in adult criminal court and receiving maximum sentences of from two to five years may, at the discretion of the court, be sent to a Correctional Diagnostic and Classification Center for classification and transfer within the state system. Criminal convictions receiving five years or more must be sent to a Correctional Diagnostic and Classification Center. A 23-county region of Western Pennsylvania may send all individuals receiving minimum sentences of at least six months and maximum sentences of less than two years to the regional facility at Mercer.

Parole eligibility occurs at the completion of the minimum sentence date which may not exceed one-half of the maximum sentence. For certain violent crimes, a mandatory five-year minimum sentence is required. All other cases are sentenced under 1982 sentencing guidelines, which require the courts to justify any deviations.

ADULT PAROLE AND PROBATION

The Board of Probation and Parole, a state agency, is responsible for the paroling action and supervision of all adult offenders receiving a sentence of two years or more. Offenders sentenced to a maximum sentence of less than two years are paroled by county courts and supervised by county probation departments.

The Board also has authority to supervise probation cases and offenders sentenced to confinement with a maximum of less than two years when paroled and referred to the Board by the county courts. The Board has only supervision authority in these special cases; county courts retain authority to revoke, terminate or other judicial actions. The Board is responsible, by state statute, for establishing uniform state-wide standards for county adult probation services. It also administers a Grant-in-Aid Program which provides funds to counties for the improvement of county adult probation services. The Board consists of five full-time members, appointed by the Governor with the consent of a majority of the Senate members to serve staggered, renewable six-year terms. Board members are prohibited from engaging in any other employment or political activity.

JUVENILE PROBATION AFTERCARE

Within the context of the Juvenile Court Act, the state provides institutions for juveniles but the counties administer juvenile services, i.e., probation aftercare (the term parole is not used). The Juvenile Court Judges' Commission is responsible for advising juvenile courts concerning the proper care and maintenance of delinquent children; establishing standards governing the administrative practices and judicial procedures used in juvenile courts; examining personnel practices and employment standards used in probation offices; collecting, compiling and publishing juvenile court statistics; and administering a grant-in-aid program to improve county juvenile probation services. Commission staff also provides training for juvenile probation officers.
The Commission is comprised of nine juvenile court judges appointed by the Governor.

City of Philadelphia

ORGANIZATION AND ADMINISTRATION

The ***Philadelphia Prison System*** *is comprised of five major institutions—Holmesburg Prison, Detention Center, House of Correction, Philadelphia Industrial Correctional Center and the Alternative and Special Detention Division. These facilities are located within proximity to one another in the Greater Northeast section of Philadelphia. The City's correctional facilities confine persons 18 years of age or older who have been committed by the courts in detentioner or sentenced status and confine juveniles awaiting adjudication who have been certified as adults. Federal prisoners are also held for disposition by the U.S. District Court or by the Immigration and Naturalization Service.*

The mission of the Philadelphia Prison System is to maintain a correctional program that adequately detains individuals accused or convicted of illegal acts. At the same time, the Prison System provides human services, supervision, training and habilitation in a humane environment and in a cost-effective manner. These efforts strive toward preparation of individuals to serve as functional, productive members of society upon release.

The Philadelphia Prison System is subject to the administration of the Board of Trustees whose members include six citizens appointed by the Mayor and the Human Services Commissioner, who serves in an ex-officio capacity.

The Commissioner of Prisons, as chief executive officer for the Board of Trustees, is responsible for fiscal control; for overall supervision of operations and coordination of activities; planning, development and execution of policy; administrative studies and reviews, relations with City and other governmental officials, the community and public and private agencies. Each institution is under the immediate direction of a warden, who is assisted by two deputy wardens and support staff.

ORGANIZATION AND ADMINISTRATION

*Adult corrections is administered by the **Department of Corrections** and the **Department of Probation, Parole, and Pardon Services**, a separate agency. All convicted offenders, age 17 and above, sentenced to serve a term greater than three months, are admitted to the Department of Corrections. Offenders between the ages of 17 and 21 (extended to 25 with individual consent) may be sentenced to an indeterminate Youthful Offender sentence of one to six years within the Department of Corrections.*

*The **State Board of Probation, Parole, and Pardon Services** is the state's sole pardoning and adult paroling authority. Department of Corrections' inmates are eligible for parole consideration (as mandated by statute) by this Board, which is composed of seven part-time members appointed by the Governor. For individuals serving an indeterminate Youthful Offender sentence, the Department of Corrections determines release eligibility, with supervision provided by the Department of Probation, Parole, and Pardon Services. This Department is responsible to the Board of Probation, Parole, and Pardon Services, and provides community supervision to those placed on probation by the courts, paroled by the board or released from the Department of Corrections on various statutorily-mandated programs to relieve prison overcrowding.*

*The **Department of Juvenile Justice** is responsible for providing statewide services for juveniles who are adjucated delinquent by the Family Court. Secure custodial care is the responsibility of the **Institutions Division**. Intake, aftercare, and probation services are provided by the **Community Division**. The paroling authority for juveniles who are committed to the custody of the Department is the **Juvenile Parole Board**. Members of the Juvenile Parole Board are appointed by the Governor with the advice and consent of the Senate. It is an independent body.*

ADULT INSTITUTIONS

*Responsibility for direct supervision of institutions is divided among three regional administrators who report to the **Deputy Commissioner for Operations**. Because of overcrowded conditions, some state inmates are housed in designated local facilities, as provided for by legislation for a period of one year and may be renewed by mutual agreement of the Department of Corrections and local officials. The office of the Deputy Commissioner for Operations is responsible for placing state inmates in designated local facilities. At the end of FY 1993, there were 54 designated local facilities with 434 Department of Corrections inmates.*

PROBATION, PAROLE, AND PARDON SERVICES

*The Department of Probation, Parole, and Pardon Services is charged with the community supervision of offenders placed on probation by the Court, paroled by the **Board of Paroles and Pardons**, as well as those offenders on early release programs, the Extended Work Program, or Youthful Offender Release from the state Department of Corrections. The Department has 901 staff positions, of which 620 are field staff with case load responsibilities in each of the state's 46 counties. Of the 40,000 offenders under the department's active supervision, approximately 32,000 are on probation; 5,000 on parole; and 3,000 are in other supervision programs.*

*The Department is headed by the Director, who has overall responsibility for the Department. The Director is appointed by the Governor and serves as a member of the Governor's Cabinet. Functionally, the Department has three major areas of responsibility: the **Field Services Division**; the **Paroles and Pardons Division**; and the **Administrative Services Division**.*

JUVENILE INSTITUTIONAL AND COMMUNITY PROGRAMS

Children of the ages 12 to 17 who are adjudicated delinquent may be committed by a Family Court Judge to the correctional facilities operated by the Department of Juvenile Justice. The Department is also responsible for providing intake, probation and aftercare (parole) services through offices located in each county. A ten-member independent Juvenile Parole Board reviews the records and progress of children committed to the custody of the agency for the purpose of deciding the releases and revocations of releases of such children.

YOUTH DEVELOPMENT CENTERS

*Juvenile commitments may be either indeterminate or determinate. The release date for a juvenile is determined by the **Department of Youth Development** with the approval of the juvenile court judge. Indeterminate releases are based on recommendations made by the superintendents of the youth development centers where the juvenile resides with approval by the Commissioner of Youth Development and the committing judge. Determinate sentence releases are authorized after the completion of the sentence with incentive time figured at approximately 30%. The majority of juveniles released from youth development centers, group homes, or contract programs are placed on aftercare status following their return to their home community.*

ORGANIZATION AND ADMINISTRATION

The ***Texas Department of Criminal Justice*** *(TDCJ) was created in 1991 by the 71st Legislature from the Texas Department of Corrections (now the* ***Institutional Division****), the Board of Pardons and Paroles (now the* ***Pardons and Paroles Division****) and the Adult Probation Commission (now the* ***Community Justice Assistance Division****). The fourth division,* ***State Jail Division****, was created in 1993. All divisions report to the Executive Director, who is appointed by the Board of Criminal Justice. The Board oversees all TDCJ divisions.*

The ***Texas Youth Commission*** *operates juvenile institutions. The Commission reports to its own Board. Supervision of juveniles on parole is by the Texas Youth Commission's* ***Community Services Division****. Juvenile probation departments provide services to the counties. The* ***Juvenile Probation Commission*** *was created in 1981 to support, advise and provide standards for county probation departments.*

JUVENILE INSTITUTIONS

*The **Texas Youth Commission** is the agency which administers the juvenile corrections system of the state. The majority of youths, aged 10 to 17 who violate criminal laws are handled at the local level through the supervision of county juvenile probation departments. Approximately three percent of juveniles referred to local authorities are eventually committed to TYC annually.*

In order to be committed to the Youth Commission, any male or female must be adjudicated delinquent for violation of a penal law of the state punishable by imprisonment or confinement in jail. Some offenders may be certified to be tried as an adult after reaching age 15. The Youth Commission does have an administrative policy requiring a minimum one to two year length of stay for certain violent offenders. The Youth Commission retains custody until age 21.

ORGANIZATION AND ADMINISTRATION

__The Department of Corrections, Division of Institutional Operations__ operates the state adult correctional institutions. __The Division of Field Operations__ provides adult probation and parole supervision, administers Community Correctional Centers, and provides presentence reports to the Courts.

__The Board of Pardons__ is the paroling authority for adults; its decision-making authority is autonomous and uninfluenced although it shares some administrative functions with the Department of Corrections.

__The Division of Youth Corrections__, within the __Department of Human Services__, supervises community-based placement for delinquent youths, operates the juvenile institutions and provides supervision of its releasees. The Division has its own paroling authority, the __Youth Parole Authority__, which has jurisdiction of all youths committed to the Division by the Juvenile Court. On July 1, 1987, the Division assumed full administrative and operational responsibility for the state's detention centers. The Division is also responsible for establishing and monitoring standards for licensing all programs in the state that provide services specifically for delinquent youths.

Juvenile probation services are provided by probation officers under the juvenile courts.

DIVISION OF YOUTH CORRECTIONS

The Division of Youth Corrections has responsibility for supervision and treatment in either community-based alternatives to secure confinement or secure confinement and aftercare parole services. The Division's community-based alternatives are provided through contracts with various private providers (24 residential, 38 non-residential.) On July 1, 1987, the Division also assumed full administrative and operational responsibility for the state's detention centers. Finally, the Division is responsible for establishing and monitoring standards for licensing all programs in the state that provide services specifically for delinquent youth.

JUVENILE SERVICES

*All juveniles are the responsibility of the **Department of Social and Rehabilitation Services** whose Commissioner reports to the Secretary of Human Services. Juvenile services are the direct responsibility of the Director of Social Services. This responsibility includes the care of adjudicated unmanageables as well as delinquent youth. Vermont has a small state operated central facility; community placements are used for most juveniles.*

HITTING THE MARK

is more than a game at Hansen Lind Meyer

We call ourselves architects and planners, but our clients know us a good listeners. That's because long before we draw lines on paper we establish lines of COMMUNICATION. By listening to you and your staff, we learn what you need, what you want, what pressures you face. From conversations with you come ideas to build on - and projects built the way you want them.

If you need design services, let's talk.

JUVENILE SERVICES

The Department of Youth and Family Services' mission is to reduce juvenile delinquency and protect the people of the Commonwealth by providing services, programs and policies which advocate for the needs of youth and their families, assist communities in preventing juvenile delinquency, to divert from the juvenile justice system those whose needs are more appropriately met elsewhere, and promote the rehabilitation of youth under the care and supervision of the Department. DYFS reports to the Secretary of Public Safety. The Department, established July 1, 1990, operates three regional offices, 31 statewide juvenile court service units (CSUs), one reception and diagnostic center, six juvenile learning centers and three halfway houses. Additionally, DYFS provides funding and certification to three locally-operated CSUs and various locally-operated juvenile justice programs, including: 17 detention homes, eight detention outreach programs, 36 pre- and post-dispositional group homes, eight family group home (foster care) systems, and 49 community prevention and youth development programs (called Offices on Youth.)

BOARD OF YOUTH AND FAMILY SERVICES

The Board of Youth and Family Services is a policy-making board and consists of seven members who are appointed by the Governer, subject to confirmation by the General Assembly.

ORGANIZATION AND ADMINISTRATION

*The **Department of Corrections** operates the adult correctional institutions and administers adult probation, parole and community services.*

*The **Indeterminate Sentence Review Board** is an independent agency reporting to the Governor. The Board reviews the cases of adult felons only. A Sentencing Reform Act which took effect on July 1, 1984 abolishes parole for crimes committed after June 30, 1984 and establishes a determinate sentencing structure for all felonies. The Board maintains jurisdiction over felons sentenced to the Department of Corrections for crimes committed before July 1, 1984.*

*The **Department of Social and Health Services, Division of Juvenile Rehabilitation** provides for juvenile institutions, group homes and parole and related community services.*

Juvenile probation services are provided by each county at the local level.

INDETERMINATE SENTENCE REVIEW BOARD (FT)

This independent, four-member Board's functions include fixing minimum terms, paroling, and retaking and discharging from parole for all adult offenders sentenced to prison prior to July 1, 1984. It also must facilitate the transition from the indeterminate sentence model to the determinate sentence model now in effect in this state.

JUVENILE INSTITUTIONS AND PAROLE SERVICES

***The Division of Juvenile Rehabilitation** provides for care, custody, rehabilitation and community supervision of court-committed youth between the ages of 8 and 20. Youths are committed under a presumptive sentencing structure which is reviewed by the legislature. A minimum and maximum are set by the court using sentencing guidelines, or declaring a manifest injustice to set a sentence outside of the sentencing guidelines. A release date between the minimum and maximum is established by the residential facility.*

DIVISION OF INTENSIVE SANCTIONS

The Division of Intensive Sanctions is a prison diversion program begun in 1992 for the non-assaultive, non-drug trafficking offender. It is expected to accommodate 2,200 participants by June 30, 1995. The number of employees involved in the program will be 190 by June 30, 1995; cost of care is estimated at $6,800 per inmate per year. All inmates complete a period of confinement and are then transferred to their homes for electronic monitoring with intensive supervision. Inmates progress through a phase system of intensive supervision and can be transferred back into a prison setting if violations occur. Intensive Sanctions is a prison and inmates who violate curfew may be charged with escape.

JUVENILE PROBATION AND AFTERCARE SERVICES

*Juvenile probationers are usually supervised by county social/human services departments. Supervision of juvenile parolees is the responsibility of the **Division of Youth Services**; however, counties have the option of providing their own parole/aftercare services and some have elected to provide this service. The Bureau of Community Resources also administers the Community Youth and Family Aids program which funds delinquency treatment and prevention programs in all 72 counties. This bureau will also oversee a new program called Corrective Sanctions. This intensive level of supervision will be for some youths released from secure corrections. The program will become operational April 1, 1994.*

Federal Bureau of Prisons

ORGANIZATION AND ADMINISTRATION

The Federal Bureau of Prisons, established in 1930 by an Act of Congress, is assigned the responsibility for "the safe-keeping, care, protection, instruction, and discipline of all persons charged or convicted of offenses against the United States."

To carry out its responsibilities, the Bureau has a correctional network of 71 correctional institutions ranging from penitentiaries to prison camps. The administration of these facilities is divided into six regions with regional directors headquartered in Atlanta, Dallas, Kansas City, Philadelphia, Annapolis Junction, MD and San Francisco. Functions such as case management, health and drug abuse programs, education, vocational training and correctional services are delegated to these regions and the individual institutions with coordination and oversight carried out in the Central Office.

FEDERAL CORRECTIONAL INSTITUTIONS

Low security institutions with double-fenced perimeters, mostly dormitory housing, strong work and program components, staff-inmate ratios higher than in minimum security facilities; medium security institutions with strengthened perimeters (often double fences with electronic detection systems), cell-type housing, a wide variety of work and treatment programs, and a somewhat higher staff-inmate ratio than low security locations.

FEDERAL PRISON CAMPS

Minimum security institutions with no fences, with dormitory housing and low staff-inmate ratio; primarily focused on work, but also program-oriented, with many located either adjacent to a larger institution or as an independent location (for example, on a military base, where inmate manpower is used to serve the labor needs of the base).

■ U.S. Parole Commission

ORGANIZATION AND ADMINISTRATION

*The **United States Parole Commission**, an independent agency placed within the **Department of Justice** for administrative purposes, has jurisdiction over all eligible federal prisoners, and continuing jurisdiction over those who are released on parole or mandatory release.*

*On a cooperative basis the Commission uses the services of staff employed by the **Bureau of Prisons**. That staff prepares classification summaries, progress reports and other reports concerning parole applicants. Field supervision of released prisoners is provided by **Federal Probation Officers**, who are employed by the **United States District Courts**. They function as "parole officers" and prepare reports concerning the adjustment of parolees for the Commission.*

U.S. Courts

ORGANIZATION AND ADMINISTRATION

United States Pretrial Services Officers and Probation Officers serve United States District Courts in 94 judicial districts located throughout the United States and its territories.

Pretrial Services Officers conduct pretrial release investigations on persons charged with federal offenses as well as supervise defendants released pending final disposition and those placed on pretrial diversion.

United States Probation Officers conduct presentence investigations for the court on defendants pending sentence, while also performing other investigative functions at the request of the Bureau of Prisons and the U.S. Parole Commission. Supervision is provided by United States Probation Officers to those persons placed on probation, paroled from institutions by action of the U.S. Parole Commission or military authorities, and those on supervised release imposed to follow a period of confinement under the Sentencing Reform Act of 1984 (enactment of federal sentencing guidelines.)

U.S. Sentencing Commission

ORGANIZATION AND ADMINISTRATION

The U.S. Sentencing Commission is an independent agency in the judicial branch charged with promulgating mandatory guidelines for federal judges to use when sentencing individuals and organizations convicted of federal crimes. Created under provisions of the Comprehensive Crime Control Act of 1984, the Commission's goals are to eliminate unwarranted disparity in sentences meted out for similar offenders who commit similar crimes and ensure fairness in sentencing and uniformity of punishment.

The Commission's initial set of sentencing guidelines were submitted to the Congress for review on April 13, 1987 and went into effect on November 1, 1987. The Guidelines and related sentencing provisions of the Crime Control Act are applicable to all individuals whose offenses occurred on or after November 1, 1987. The guidelines determine the appropriate sentence based on the specific characteristics of the offense and the offender. If incarceration is to be imposed, the guidelines specify a range of months from which the judge must choose a specific sentence. By statute, individuals sentenced under the guidelines are not eligible for early release through parole.

The Commission has ongoing monitoring, amendment, and sentencing education responsibilities. Its seven voting members are appointed by the President with the advice and consent of the Senate. The Attorney General and the Chairman of the Parole Commission also serve on the Commission as non-voting, ex-officio members.

Department of the Army

ORGANIZATION AND ADMINISTRATION

*The **U.S. Army Corrections System** is composed of five Regional Corrections Facilities, three Army Confinement Facilities, and a central maximum security prison, the U.S. Disciplinary Barracks, within the United States. Three additional confinement facilities are located in overseas areas. The **Regional Corrections Facilities (RCFs)** and the **U.S. Disciplinary Barracks (USDB)** provide a full range of custodial and correctional treatment programs for the incarceration of military offenders regardless of branch of service. Army confinement facilities house short-term prisoners and provide minimum services and programs. The Army Corrections System provides the only long-term corrections capability within the Department of Defense.*

Organized within the Office of the Deputy Chief of Staff for Operations and Plans is the Army's Corrections Branch of the Security, Force Protection, and Law Enforcement Division.

MISSION

Provide quality confinement and rehabilitation services for pretrial and court-martialed inmates. Ensure a secure, safe, and humane environment for inmates and staff; maintain a high level of discipline; and help individuals solve their problems, correct their behavior, and improve their attitudes toward themselves, society, and the military. Provide return-to-duty rehabilitation for selected court-martialed offenders. Manage and direct transfers for all Air Force inmates.

CORRECTIONS DIVISION (HQ AFSPA/SPCC)

Manages and provides Air Force corrections program guidance for approximately 65 corrections facilities; conducts analysis of program costs to determine cost effectiveness; develops automated systems for the management information system.

RETURN-TO-DUTY PROGRAM

Deborah Bell, Dir/Clinical Svcs, Mirimar NAVCONBRIG . . . . (619) 537-7046; Fax 537-7010
The Air Force return-to-duty program allows an opportunity for selected inmates to enter a volunteer-only program which, when completed, qualifies the inmate to return to active duty status. Established at Amarillo AFB, Texas in 1952 under Congressional mandate, the program was relocated to Lowry AFB, Colorado in 1967, and then to Naval Consolidated Brig Charleston, South Carolina in 1993. Fewer than 1% of court-martialed airmen volunteer and are accepted for this program. Of those accepted, fewer than 50% are returned to military duty each year. Follow-up surveys show that 95% of those returned to military duty are rated as average, above average, or outstanding in overall performance.

In addition to the above corrections detachments, the Air Force operates 5 Department of Defense regional corrections facilities, each with 20-28 beds, and approximately 60 local corrections facilities ranging from 2 to 20 beds each.

Correctional Service Canada

ORGANIZATION AND ADMINISTRATION

*Adult corrections in Canada is a responsibility shared by federal, provincial and territorial governments. Generally, the Government of Canada through the **Ministry of the Solicitor General** and two agencies, the **Correctional Service of Canada** and the **National Parole Board**, has the responsibility for all offenders sentenced to two years or more. Provincial jurisdictions are responsible for offenders serving less than two years and have exclusive responsibility for convicted offenders who are sentenced to probation.*

The Correctional Service is headed by the Commissioner of Corrections who reports to the Solicitor General. The national headquarters in Ottawa performs overall planning and policy development for the Service. Five geographic regions administer the operation of the institutions and parole offices. The National Parole Board determines whether federal inmates can be released on parole prior to the expiry of their sentence.

The Correctional Service of Canada's mission statement reads: The Correctional Service of Canada, as part of the criminal justice system, contributes to the protection of society by actively encouraging and assisting offenders to become law-abiding citizens while exercising reasonable, safe, secure and humane control.

National Parole Board

ORGANIZATION AND ADMINISTRATION

*The **National Parole Board** grants, denies, terminates or revokes conditional releases to those offenders under sentence of imprisonment in federal, territorial and provincial institutions in provinces that do not maintain a provincial parole board. It is an independent body reporting to Parliament through the Department of Public Security.*

The Board consists of up to 45 members appointed for up to ten years by the Governor in Council. The head office is in Ottawa. There are five divisions, one in each major geographical region of the country, namely, the Atlantic, Quebec, Ontario, Prairies, and Pacific regions. Regional offices are managed by a regional director with support staff.

■ British Columbia

ORGANIZATION AND ADMINISTRATION

*The **Corrections Branch** of the **Ministry of the Solicitor General** is an agency committed to the preservation of public safety and security. This is accomplished through the traditional correctional role of a system of services to adult and juvenile offenders. The correctional focus encompasses diversion, community supervision, court-ordered reports, custody services, and community-based programming for all young offenders and those adults with sentences of less than two years in prison. Remand custody and bail supervision are also provided accused individuals.*

The Branch also provides conciliation and mediation services related to marital separation and the preparation of child custody and access reports.

*The Branch is headed by an Assistant Deputy Minister who is responsible to the Deputy Solicitor General. Reporting to the Assistant Deputy Minister are five Regional Directors of Corrections, who are responsible for the delivery of all provincial correctional services in their geographic areas, as well as the Director of the **Program Analysis Section** (PAS), the Director of the **Resource Analysis Section** (RAS), and the Director of **Inspections and Standards** (I & S). The Director of PAS is responsibile for policy and program development and evaluation while the Director of RAS is responsible for the monitoring of fiscal and manpower resource use throughout the Corrections Branch. The Director of I & S is responsible for investigations of complaints and monitoring of standards for service delivery.*

*British Columbia has its own **Parole Board**, whose jurisdiction for parole decision-making encompasses all adult inmates incarcerated in provincial correctional centres. The Chairman of the Board is responsible directly to the Solicitor General.*

ADULT AND JUVENILE FACILITIES BY REGION

*Each Correctional Region operated a variety of adult custodial facilities which range in capacity from 15 to 400. These include large regional correctional centres, moderate-sized forest camps, and small community correctional centres. The latter often use **Temporary Absence Programs** to facilitate work or educational release of inmates. The average daily adult provincial count is approximately 2,000, with annual admissions to the system in the course of the year reaching 15,000. Levels of security range from locked tiers or living units and supervised control of all inmate movement to open, unlocked centres operated in the community. Programs offered throughout the province include shop work, forestry, farm and ranch work, and fisheries enhancement.*

The Corrections Branch also operates nine youth custody and detention centres in the five regions of the province. These include maximum security, locked youth centres, open camp settings, and open community centres. The average annual admissions to the youth system are approximately 2,300, with an average bedload of 315.

In addition to custodial/gaol facilities, the Corrections Branch includes 450 community corrections staff at 79 locations. This includes probation officers, bail supervisors, and family court counsellors. The average provincial community corrections caseload is approximately 20,000.
In addition to programs directly managed by the Corrections Branch, the Branch also contracts with private groups for a number of services such as institution meals, community service order programs and other community-based attendance programs for youth.

ORGANIZATION AND ADMINISTRATION

Pursuant to the passing of the Adult Corrections Act, 1975, a division of the ***Department of Justice*** *was created whereby the provincial custodial institutions and the probation service were amalgamated. This marked the commencement of the* ***Adult Probation Services*** *under the* ***Community Corrections Branch*** *of the* ***Adult Corrections Division****. The population served is adult offenders aged 18 and up, whereas juvenile offenders are served by the* ***Department of Social Services****, and parole is a responsibility of the Correctional Service Canada.*

The Department of Social Services is the principal agent for the delivery of ***Youth Corrections Services****. Youth between the ages of 12-18+ years usually are referred by the youth court upon disposition for case management, but other referrals for voluntary counseiling are possible. The services available usually fall into one of four categories, 1) alternative measures and dispositional options, 2) community corrections, e.g., probation, 3) community residential care (open custody), and 4) secure custody/remand.*

ORGANIZATION AND ADMINISTRATION

*The Ministry of the Solicitor General and Correctional Services is responsible for young offenders aged 16 and 17, and adults aged 18 years and over on remand or serving sentences of less than two years, as well as those on probation or parole. Correctional Services is divided into two main divisions: **Operations** and **Corporate Services**. The ministry also has jurisdiction over the **Ontario Board of Parole** which is the paroling authority for inmates serving sentences in provincial institutions.*

The Operations Division is comprised of the Offender Programming Branch, Youth and Community Corrections Branch, and five regions, each with its own regional director and regional managers. All superintendents of provincial correctional facilities and probation/parole area managers report to the regional office.

The probation/parole offices in each region provide services for all young offenders and adults who have been placed under probation supervision by the courts. Staff in these offices also provide supervision for all inmates released from provincial institutions under the authority of the Board of Parole. Probation and parole officers may also be responsible for the supervision of incarcerates released on temporary absence or serving intermittent sentences.

*The **Childrens Services Branch** of the Ministry of Community and Social Services is responsible for juvenile offenders.*

■ Prince Edward Island

ORGANIZATION AND ADMINISTRATION

The adult correctional facilities in Prince Edward Island accept remanded and sentenced adult prisoners, both male and female, of the age 18 and over, regardless of the offense. They also act as lock-ups for all police forces in the province. Females are seldom committed to custody.

The Department of Health and Social Services is responsible for young offenders aged 12 to 17. There are three facilities for young offenders within the province; one is secure custody and the other two are open custody. Those requiring short-term detention are held separate and apart in designated areas of the adult facilities.

ORGANIZATION AND ADMINISTRATION

Adult correctional services are the responsibility of the ***Ministere de la Securite publique. Probation Service*** *supervises defendants subject to conditions imposed by the court and prepares pre-sentence investigations for the court. In addition, it prepares pre-release reports and supervises paroles released by the* ***Provincial Parole Board*** *which was created in 1979. Probation Service implemented a Community Service Programme in all the judicial districts and is responsible for its administration. The primary objective of the programme is to provide a court and to those who appear before it a substitute for prison sentences in cases where the public interest is not endangered. Probation Service also administers the Compensatory Work Program that is an alternative to paying a fine. Juvenile services are the responsibility of the* ***Department of Health and Social Services.***

JUVENILE PROBATION SERVICES

Persons who come before the Court are dealt with pursuant to the Young Offenders Act (Canada) or the Young Persons Offences Act (Yukon). Youth on probation are counselled individually and/or with their families and/or in a group, on a regular basis. A number of community-based programs are also in operation to fulfill court orders.

The American Correctional Association Organization—1992-1994

ACA OVERVIEW

The American Correctional Association (ACA) was founded in 1870 as the National Prison Association, later called the American Prison Association. The first Congress was convened that year in Cincinnati, Ohio where then Ohio governor and future U.S. President Rutherford B. Hayes was elected first president of the Association. In 1954 , reflecting the expanding philosophy of the field and the Association's broadening role, the name was changed to the American Correctional Association.

For more than a century, ACA has a continually appraised its role as a national forum in the field of crime prevention and correction to insure that its efforts are geared to the social needs and the knowledge of the times. The proceedings of the more than one hundred Congresses offer dramatic evidence of this activity.

Working towards a unified voice in correctional policy, the ACA has been actively involved in developing a national correctional philosophy, designing and implementing standards for correctional services and methods for measuring compliance, and providing publications, training and technical assistance.

The Association's headquarters is located in Laurel, Maryland and is staffed by over one hundred men and women dedicated to serving the membership of the Association.

Code of Ethics

AMERICAN CORRECTIONAL ASSOCIATION

Preamble

The American Correctional Association expects of its members unfailing honesty, respect for the dignity and individuality of human beings and a commitment to professional and compassionate service. To this end, we subscribe to the following principles:

Members will respect and protect the civil and legal rights of all individuals.

Members will treat every professional situtation with concern for the person's welfare and with no intent of personal gain.

Relationships with colleagues will be such that they promote mutual respect within the profession and improve the quality of service.

Public criticisms of colleagues or their agencies will be made only when warranted, verifiable and constructive in purpose.

Members will respect the importance of all disciplines within the criminal justice system and work to improve cooperation with each segment.

Subject to the individual's right to privacy, members will honor the public's right to know and will share information with the public to the extent permitted by law.

Members will respect and protect the right of the public to be safeguarded from criminal activity.

Members will not use their positions to secure personal privileges or advantages.

Members will not, while acting in an official capacity, allow personal interest to impair objectivity in the performance of duty.

No member will enter into any activity or agreement, formal or informal, which presents a conflict of interest or is inconsistent with the conscientious performance of his or her duties.

No member will accept any gift, service or favor that is or appears to be improper or implies an obligation inconsistent with the free and objective exercise of his or her professional duties.

In any public statement, members will clearly distinguish between personal views and those statements or positions made on behalf of an agency or the Association.

Each member will report to the appropriate authority any corrupt or unethical behavior where there is sufficient cause to initiate a review.

Members will not discriminate against any individual because of race, gender, creed, national origin, religious affiliation, age or any other type of prohibited discrimination.

Members will preserve the integrity of private information; they will neither seek data on individuals beyond that needed to perform their responsibilities, nor reveal nonpublic data unless expressly authorized to do so.

Any member who is responsible for agency personnel actions will make all appointments, promotions, or dismissals in accordance with established civil service rules, applicable contract agreements and individual merit, and not in furtherance of partisan interests.

Adopted August 1975 at the 105th Congress of Correction
Revised August 1990 at the 120th Congress of Correction

Affiliates of the American Correctional Association

The ACA structure is somewhat similar to a large federation. Instead of comprising divisions of service, the Association is made up of affiliate organizations and chapters–67 different groups representing the entire spectrum of correctional programming. Each affiliate or chapter is organized with its own constitution and bylaws, and each performs a valuable service in a specific area. Affiliates and chapters are voted into the Association by the Board of Governors after having met criteria established by the Board.

Affiliates and chapters contribute to the total policy development of the Association through their appointed members of the Delegate Assembly. The number of delegates representing each affiliate and chapter is directly related to the number of members each has in the ACA. The ACA has four regional affiliates, 31 professional affiliates and 10 state affiiiates. Dual membership, the fourth category, is available in 22 states where membership is provided in both ACA and the state chapters.

The American Correctional Association

Dedicated to aiding
the Correctional Community
in the pursuit of excellence
since 1870.

What is the American Correctional Association?

The **American Correctional Association** (ACA) represents all branches and disciplines within corrections. Represented through 21 state chapters, 47 affiliates, local, regional, state, federal and international members, ACA is the largest professional organization representing corrections. The American Correctional Association is:

- An organization dedicated to achieving correctional excellence;
- A membership organization--committed to the needs of its members;
- An influential leader in national and international correctional policy for over 120 years;
- A leading publisher of correctional publications.

The American Correctional Association is committed to:

- *Exerting a positive influence on the shaping of national and international correctional policy;*
- *Promoting the professional training and development of persons working in all components of corrections.*

ACA Membership Will Directly Benefit You By Providing:

INFORMATION REGARDING YOUR PROFESSION and offering continuing education. In addition to the publications, correspondence courses, seminars and conferences that are available to you as a member of ACA, you will also receive an annual subscription to:

- ***Corrections Today*** — the premier magazine covering all parts of corrections; and
- ***On the Line*** — a newsletter covering current events in the field of corrections.

ACCIDENTAL DEATH AND DISMEMBERMENT INSURANCE — $6,000 policy with Professional I; $10,000 with Professional II; and $15,000 with Executive Gold Card membership.

NETWORKING OPPORTUNITIES with professionals at all levels and in all facets of corrections through attendance at our local and national conferences and seminars. Additional networking is available through membership in our state chapters or regional and professional affiliates. Or, by using our reference directories:

- *Directory of Juvenile and Adult Correctional Departments, Institutions, Agencies, and Paroling Authorities* — 1994 edition. Revised annually. It includes the most recent information on U.S. and Canadian provincial, state, and federal correctional systems. Includes names, addresses, and telephone numbers for wardens/administrators. Nonmember price: $75, ACA member price: $60 (Free with Professional II, Executive Gold, Organizational, Supporting Patron memberships)
- *National Jail and Adult Detention Directory* — 1993–1994 edition. The directory lists names and addresses of jail administrators, and also includes detailed data for more than 3,000 facilities in the United States. Such vital information as operations budgets and capital expenditures, program and staff information, population size and movement, and more are included in an easy-to-use format. ac·cred·it \e-'kred-et\ to recognize a correctional agency/facility for: **1.** complying with the American Correctional Association's national standards, **2.** achieving 100% compliance with mandatory standards regarding health care, food services, security, etc., **3.** operating a professional and efficient correctional system, **4.** maintaining up-to-date policies and procedures which safeguard the life, health, and safety of staff and inmates.

ACCREDITATION

ACA **American Correctional Association**

Commission on Accreditation for Corrections

The standards and accreditation process offers agencies an opportunity to evaluate their operations against national standards, remedy deficiencies, and upgrade the quality of correctional programs and services. Accreditation also aids in reducing costly and time consuming litigation and in obtaining increased funding.

The ACA standards cover the full range of correctional operations including administration, budget, personnel, medical services, safety, sanitation, security, education, and other important program areas.

Standards have been developed for:

Administation of Correctional Agencies
Adult Parole Authorities
Adult Community Residential Services
Adult Correctional Institutions
Adult Local Detention Facilities
Adult Probation and Parole Field Services
Correctional Training Academies
Juvenile Detention Facilities
Juvenile Training Schools
Juvenile Community Residential Facilities
Juvenile Probation and Aftercare Services
Juvenile Day Treatment Programs
Small Jails
Small Juvenile Detention Facilities
Forestry/Work Camps and Short-Term Incarceration Units
Adult Correctional Boot Camps
Juvenile Correctional Boot Camps
Substance Abuse Programs
Correctional Industries

ACA MAILING LIST SERVICES— YOUR KEY TO SUCCESS

The corrections industry has become a $25 billion market—there is a need for every conceivable product and service. With such a large industry, there is only one sure way to reach the individuals that need your services—**through ACA's mailing lists.** ACA's prospect files contain more than **60,000 United States and Canadian professionals—the decision makers in corrections!**

Following is a sample of the kinds of audiences you could be reaching:

Correctional Institutions and Prisons	**3,210**
Jails and County Detention Facilities (Adult and Juvenile)	**4,060**
Probation and Parole Departments, Agencies, and Chief Officers	**4,155**
Active ACA Members	**20,000**
Purchasing—Central and Institutional	**345**
Architects Primarily Involved in Criminal Justice	**1,360**
Engineers Primarily Involved in Criminal Justice	**160**
Correctional Law Professionals and State Elected Officials	**7,940**
Health Care Personnel	**490**
Correctional Administrators (security and control, recreation, operations, etc.)	**4,250**

Lists are available on diskette and pressure-sensitive or cheshire labels, and are for a one-time usage only. Lists are also available for suppression and purge files.

These categories are just a small portion of the lists available. ACA can tailor any of our lists to meet your company's specific needs. Call today to discuss how your company can selectively target the correctional market!

To place your order, simply contact the Mailing List Department at **1-800-888-8784,** and we will be happy to take your order, via phone using a credit card (VISA, MasterCard, Diners Club or American Express). Or, you may fax us your order to **(301) 206-5061.**

DON'T WAIT—call our toll-free number today for a free consultation or to receive a copy of our informational brochure!

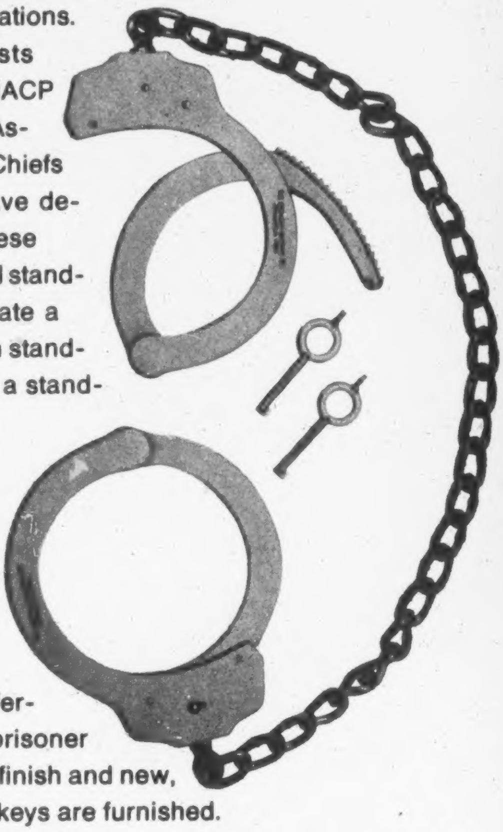
PEERLESS RESTRAINING DEVICES

New Hinged Handcuffs These patented handcuffs are the ultimate in restraint and provide maximum safety to the restraining officer. New hinge design prevents prisoners from using muscles and tendons to tamper with locking mechanism. When handcuffed properly, prisoners are unable to escape, even with key in hand. Hinged Handcuffs, permit cuffing in a cross arm position, preventing "stepping" through to bring hands from back to front. Particularly effective in transporting prisoners and in high security risk situations. Independent tests approved by the IACP (International Association of Chiefs of Police) have determined that these handcuffs exceed Federal standards. Can accommodate a 25% larger wrist than standard cuffs and uses a standard handcuff key.



Leg Irons

Peerless leg irons are adjustable shackles built for years of service. They are made to the same rigid specifications as U.S. government approved Peerless handcuffs. They have 19 positive locking positions to a 10" circumference and a strong 15" chain to prevent the prisoner from running. All steel construction with nickle finish and new, improved double lock. Two standard handcuff keys are furnished.

For complete information contact your local police equipment supplier.
